

ADELANTE HEALTHCARE

Migrant and Seasonal
Farmworker Health Program

What we do now

Services provided at farms and migrant sites:

- Basic health checks (blood pressure checks, glucose checks and first aid) Aguila, Harquahala and various sites in Mesa
- Health education
- Dental kits (toothbrushes, toothpaste, floss)
- Provide eligibility assistance for Sliding Fee Scale, AHCCCS and Marketplace

Outcomes

- Increased the number of migrant and seasonal farmworkers:
- **2016** - (990) **2017**- (1334) **2018** - (1499) **2019** -(1443)
- Patients became engaged in their own health
 - Built a relationship with Martori Farms and developed a workflow. Within this workflow the farm would call us directly to schedule a same day appointment for the patient. In doing so, it would avoid an emergency hospital visit.
- In Wickenburg, the hospital saw a drop in seasonal farmworker emergency patients as a result of our visits and health education at the farm.

Contacts

- Martori Farms in Aguila and Harquahala
- Mesa Public School District Mesa Migrant Parent Liaison
- West Valley School Districts Migrant Parent Liaison

Our Vision

- Develop an Advisory Committee/Board made up of organizations/individuals that work/support/service MSFW population
- A more comprehensive program that addresses needs beyond health care
- Developing a needs assessment to determine what those needs are
- Partnering with organizations that provide direct services to this population
- Partner with other organizations that provide a service, but not currently to the population
- Obtain grants/funding private/public to sustain and build the program
- Grow population served by 10% by connecting them to the health centers and bringing appropriate services directly to them
- Redesign Madrecitas event into a more informational and educational

What have we done to date?

- Requested data from the County from completed survey that included migrant and season farmworkers; income, community issues, health conditions, and barriers to access healthcare
- Applied for Grants to be able to purchase a Mobil Unit and visit the farm workers at their job to provide health care services.

-
- Arizona@Work Partnership
 - Migrant and Seasonal Farmworker Orientation
 - Adelante information sheet and other partners in packet
 - Opportunity to present directly to H2A workers
 - Identify needs they have outside of care
 - Provide update and information on pesticide exposure on workers to Adelante physicians

Next Steps

Develop:

- Point of Contact list
- Seasonal calendar
- Map of farms and other companies where Migrant and Season Farmworkers can be found as well as number of Migrant workers

Next Steps continued

- Developing workflow diagrams of Adelante:
 - Pre-offsite health screening preparation (schedule staff, medical/office supplies, logistics, medical equipment)
 - Health screening off-site workflow
 - Eligibility process and needs
 - Entering encounters into EMR

Your Community Health Center

No matter where you live, where you work or how much money you earn, you are always welcome at an Adelante Health Center.

Adelante is a Federally Qualified Community Health Center with more than 4 decades of caring for Valley families. More than 68,000 people trust us with their care each year.

Here to Help Take Care of You

Adelante offers primary healthcare services at nine health centers including:

- Family Medicine
- Internal Medicine
- Pediatrics
- OB/Gyn
- Dental
- Behavioral Health
- WIC Programs
- Eligibility Services
- On-site Labs

Early morning, early evening, Saturday and same-day appointments are available.

Care is available in Spanish as well as 38 other languages.

Here to Help You Pay for Care

We're here to help you find a way to pay for your care so you and your family can stay healthy.

If You Have Insurance

We welcome most insurance plans including AHCCCS and Medicare.

No Insurance? We can help.

If you are uninsured or underinsured, we can help find the most affordable options for your family.

Our Eligibility specialists can help you apply for:

- AHCCCS
- The Federal Insurance Marketplace
- Our Sliding Fee Discount Program
- Other Support Services like SNAP, TANF

All information is kept completely confidential.

340B Prescription Discount Program

Adelante patients are eligible for 340B discounts of up to 60% on prescriptions at participating pharmacies including Fry's, CVS and Walgreens.

Learn how we can help you today!

Call 1-877-809-5092 or stop by any Adelante Health Center.

The Adelante Sliding Fee Discount Program

The Adelante Sliding Fee Discount program allows patients to pay variable rates for services depending on household size and income.

Services available through the program include:

- Doctor's visits
- Women's health, prenatal/maternity care and family planning services
- Dental services

We also work with other organizations who offer sliding fee discounts, including for labs and x-rays.

The sliding fee schedule is based on Federal Poverty Level guidelines and are updated yearly to ensure that a non-discriminatory, uniform and reasonable charge is consistently and evenly applied.

All applicants for AHCCCS and the Sliding Fee Discount Program must provide documentation which may include verifying residence, income and family size.

Adelante Healthcare welcomes most commercial insurance plans — including Medicare and AHCCCS. For those without insurance, self-pay and sliding fee discount programs are available.
