

# Student Support & Academic Enrichment Grant

## Title IV-A

### Scope of Work Question Resource

Briefly describe the **program objectives** and **intended outcomes** for identified activities, and how the LEA will periodically **evaluate the effectiveness** of the activities carried out under this program based on these objectives and outcomes.

Please use the format below to answer this important Scope of Work (SOW) question. This section is a focus area of discussion for any programmatic monitoring.

#### Label the Title IV-A Category

**Well-Rounded Education, Safe & Healthy Students, or Effective Use of Technology**

**[list the activity name]**

**Program Objectives:** [Goals]

**Intended Outcomes:** [Expectations for students and/or teachers]

**Method of Evaluation:** [How will LEA measure success of this activity]

#### Guiding Questions

Below are some guiding questions to assist you in describing program objectives, intended outcomes and how to evaluate the effectiveness of the activity.

#### Program Objectives

- What process was used to determine this activity would promote student support and academic enrichment?
- What are the short-term or long-term goals for students and/or teachers with this activity?
- What identified need led to the decision of choosing this activity?
- How do the program objectives for this activity align with the intent of the Title IV-A grant?

#### Intended Outcomes

- What are the expected results or anticipated outcomes of implementing this activity for students and/or teachers?
- How might this activity affect school climate, student engagement, and/or academic achievement for students?

#### Evaluating Effectiveness

- What specific evaluation methods will be used to measure the success of this activity?
- What benchmarks are needed along the way to show the program is working?
- What are reasonable expectations of success at the beginning, middle, and end of an activity or intervention?
- What does the information collected suggest about ways to improve the activity and/or to improve future activities?
- Describe any challenges or success this activity has experienced and if the activity has achieved the expected results from year to year.
