Arizona Department of Education

Audit Unit

October 25, 2021

Chad Blair, Superintendent
CITY Center for Collaborative Learning
47 East Pennington Street
Tucson, AZ 85701

Dear Superintendent Blair:

The Arizona Department of Education Audit Unit has conducted an audit of the CITY Center for Collaborative Learning (School) Average Daily Membership (ADM) for Fiscal Years 2018, 2019 and 2020. The purpose of the audit was to address whether the School properly reported student enrollment and to determine if it received the correct amount of Basic State Aid.

Auditors determined that the School incorrectly reported the enrollment data of 78 students, which resulted in its ADM being overstated by 4.03. As a result, the School was overfunded by \$28,907.64 which the School must repay to ADE. Additionally, auditors determined that the School failed to properly maintain some required documentation in student cumulative files.

We appreciate the cooperation and assistance provided by the School's administration during the course of the audit.

Sincerely,

A handwritten signature in blue ink, appearing to read "Melissa Moreno".

Melissa Moreno,
Chief Auditor

Kathy Hoffman, Superintendent of Public Instruction

1535 West Jefferson Street • Phoenix Arizona 85007 • (602) 542-5460 • www.azed.gov

INTRODUCTION AND BACKGROUND

The Arizona Department of Education (ADE) Audit Unit has conducted an Average Daily Membership (ADM) audit of the CITY Center for Collaborative Learning (School) pursuant to Arizona Revised Statutes (A.R.S.) § 15-239. This audit focused on whether the School properly reported enrollment data to ADE and received the correct amount of Basic State Aid for Fiscal Years (FY) 2018 through 2020.

Average Daily Membership audits of district and charter holder funding—Pursuant to A.R.S. § 15-239, ADE may conduct ADM audits, which help ensure the appropriate distribution of Basic State Aid provided annually to school districts and charter schools. School districts and charter schools receive Basic State Aid based on several factors related to student enrollment and attendance. To receive funding, school districts and charter schools report enrollment and attendance data to ADE. ADE processes that data, determines payment amounts according to the relevant statutory funding formulas and distributes payments to schools up to twelve times each year.

The ADM audit process determines whether payments were correct or if an adjustment is needed. The audit process compares the school district's or charter school's information reported to ADE's student data system to information found on the original records kept at the school. If auditors find that the school district's or charter school's reported information does not match the original documentation, the audit will calculate and report the funding adjustment needed to the school district's or charter school's Basic State Aid. These funding adjustments can be positive or negative, depending upon the audit findings. The audit findings are written and compiled into a report that is then issued to the audited entity.

Superintendent's legal notice links the audit and appeals processes—In addition to the report, the audited entity receives The Notice of Audit Findings and Required Reimbursement (Notice) that details the audit findings and determination of the Superintendent of Public Instruction (Superintendent) regarding adjustments to be made to the school district or charter school pursuant to A.R.S. § 15-915. The audited entity may appeal the Superintendent's decision in the Notice.

Opportunity to appeal the audit—A.R.S. § 41-1092.03 provides the audited school district or charter school that disagrees with the Superintendent's decision in the Notice with the opportunity to file a formal appeal within thirty (30) days after the report was issued. If an appeal is filed, the school district or charter school and ADE may reach agreement in an informal settlement conference. If an agreement is not reached at the informal settlement conference, the appeal will be adjudicated by the Office of Administrative Hearings.

Funding adjustment process and timeframes—When the Notice is finally settled or adjudicated, if ADE has determined that a school district or charter school received an incorrect amount of Basic State Aid, A.R.S. § 15-915 directs that corrections to schools' funding be made in the current budget year. In case of hardship, schools may request that the Superintendent

allow a correction to be made partly in the current budget year and partly in the following budget year.

School information—The School, located in Tucson, Arizona, offered instruction in grades 6 through 12 during the fiscal years audited. They operated one high school and two middle schools. Table 1 presents the School’s unaudited student, staffing and financial information for FY2018, FY2019 and FY2020.

Source: Annual Report of the Arizona Superintendent of Public Instruction for FY2018, FY2019 and FY2020.

SCOPE AND METHODOLOGY

The audit focused on whether the School accurately reported its data to ADE and received the correct amount of Basic State Aid in accordance with statutes, the Uniform System of Financial Records for Arizona Charter Schools (USFRCS) and its own policies and procedures for FY2018, FY2019 and FY2020.

To conduct this audit, auditors used a variety of methods, including examining School and ADE records to review 150 of 1,073 students over the three fiscal years audited. Adjustments to ADM are based solely on those identified students that the auditors evaluated further and are not extrapolated to create findings for the entire student population. Auditors also reviewed state statutes and School policies and procedures, and interviewed School management and staff. Specifically:

- **Enrollment data** – Auditors reviewed student schedules, enrollment histories and attendance data to determine if the enrollment data reported to ADE was correct. Auditors compared the entry and exit dates to determine if an adjustment was necessary. Auditors also reviewed absences to ensure that they were reported correctly and made adjustments if they were needed.
- **FTE calculations** – Auditors reviewed the bell schedules and student schedules to determine whether the School reported the correct full-time enrollment (FTE) data to ADE. Auditors calculated the FTE based on the classes and time a student was enrolled in the School and compared the FTE to what was reported to ADE. When the FTE was incorrect, auditors made an adjustment.
- **Student Files** – Auditors reviewed student files to ensure that they maintained required documentation such as birth certificates, immunization records, and supporting residency documentation. Auditors identified files that did not contain all the documentation that was required to be kept in them by statute and ADE guidelines.
- **Instructional hours** – Auditors reviewed the bell schedules and calendars for the School for FY2018, FY2019 and FY2020. The total instructional hours offered for each grade met the minimum required by statute for each of the three fiscal years audited.
- **SPED Data** – Auditors determined whether an adjusted student had also been funded for a special education (SPED) category. When students with a special education category also had an adjustment, auditors made an adjustment to the special education weight as well.

- **Limiting** – Auditors reviewed the total ADM for each enrolled student to ensure that they were appropriately limited by ADE’s system. No findings were identified for this area.

The Audit Unit expresses its appreciation to the School’s administration and staff members for their cooperation and assistance during the course of the audit.

FINDING 1: THE SCHOOL DID NOT ACCURATELY REPORT SOME STUDENT DATA, RESULTING IN AN OVERPAYMENT OF \$28,907.64

Auditors determined that the School inaccurately reported the student data for 78 students for FY2018, FY2019 and FY2020. Specifically, auditors found that 60 students had an incorrectly reported FTE, 12 students were reported with incorrect enrollment dates, four students had not attended the School, and two students generated non-fundable intervals due to excessive absences. In addition, six of these students that had data reported incorrectly were also funded with a SPED category. As a result of these errors, the School's ADM was overreported by 4.03. As a result, the School was overfunded by \$28,907.64 in Basic State Aid. According to A.R.S. § 15-915, ADE must recover these monies from the School.

The School inaccurately reported some student data

The School inaccurately reported 78 student's enrollment data to ADE, which resulted in the School's ADM being overstated by 4.03.

According to A.R.S. § 15-901, for a high school student to be reported as a 1.0 FTE, the student must be enrolled in at least four subjects which meet at least 123 hours annually each and total at least 720 instructional hours for the year. A student who does not meet these requirements is considered a part-time student and their FTE status must be reduced based on the number of actual instructional hours provided and courses enrolled.¹ In addition, according to ADE External Guideline and Procedures GE-17 and A.R.S. § 15-901, with the exception of pre-enrolled students, the enrollment dates for a student are the first day of actual attendance and the last day of actual attendance or excused absence. Finally, beginning in FY2019, School Finance Manual (G) states that students who have reached the 10% threshold for cumulative absences (excused or unexcused) based on the number of instructional calendar days at their school and incur 10 or more consecutive absences will generate non-fundable ADM intervals. However, the School did not always adhere to these requirements. Specifically, for the students that were sampled:

¹ Pursuant to A.R.S. § 15-901, a full time student (1.0 FTE) in grades 9 through 12 must be scheduled for and attending at least 720 hours of instruction and at least four subjects each of which meets for at least 123 hours annually; a 0.75 FTE student must be scheduled for at least 540 hours of instruction and at least three subjects each of which meets for at least 123 hours annually, a 0.50 FTE student must be scheduled for at least 360 hours of instruction and at least two subjects each of which meets for at least 123 hours annually and a 0.25 FTE student must be scheduled for at least 180 hours of instruction and at least one subject which meets for at least 123 hours annually.

- 60 students had an incorrect FTE reported. As a result, the ADM for the School was overreported by 1.75.
- 12 students were reported with incorrect enrollment dates. As a result, the ADM for the School was overreported by 1.75.
- 4 students were reported as attended but did not actually attend the School. As a result, the ADM for the School was overreported by 0.09.
- 2 students had excessive absences which resulted in a non-fundable period. As a result, the ADM for the School was overreported by 0.32.
- 6 of the students that had data reported incorrectly were also funded with a SPED category. As a result, the weighted SPED ADM for the School was overreported by 0.12.

As shown in Table 2, data reporting errors resulted in an ADM overstatement of 4.03 for the three fiscal years audited.

Table 2

**CITY Center for Collaborative Learning
ADM adjustments due to enrollment data errors
Fiscal years 2018, 2019 and 2020**

| | 2018 | 2019 | 2020 | Total |
|----------------------------|-------------|-------------|-------------|--------------|
| Incorrect FTE | 1.57 | 0.13 | 0.05 | 1.75 |
| Incorrect Enrollment Dates | 0.40 | 0.89 | 0.46 | 1.75 |
| Did Not Attend | 0.01 | 0.04 | 0.04 | 0.09 |
| Excessive Absences | - | 0.22 | 0.10 | 0.32 |
| SPED | 0.03 | - | 0.09 | 0.12 |
| Total | 2.01 | 1.28 | 0.74 | 4.03 |

Source: Auditor analysis of School records, ADE data for FY2018, FY2019 and FY2020.

The School failed to comply with statute and ADE guidelines

The School did not follow statute and ADE guidelines when calculating and reporting student FTE or student enrollment data.

Auditors determined that 60 of the School's students did not meet the statutory and ADE guideline requirements for full time enrollment (FTE). The FTE that was reported for the students was not correct based on the annual instructional hours or the number of courses the students were enrolled in. As a result, the School overreported the FTE for 60 students.

Additionally, the School misreported the enrollment data of 16 students. According to ARS § 15-901 and ADE guidelines, the first day of membership for continuing or pre-enrolled students shall be defined as either the first day a student physically attends school or the first day that classroom instruction is offered, provided that such students physically attend school within the first ten school days. For all other students, the first day of membership shall be defined as the first day a student physically attends school. The School incorrectly reported the entry/exit dates of 12 students and four students were reported to ADE that did not attend.

According to School Finance Manual (G), students who have reached the 10% threshold for cumulative absences (excused and unexcused) based on the number of instructional calendar days at their school and incur 10 or more consecutive absences will generate non-fundable ADM intervals. However, the School reported two students with absences that exceeded 10% of the calendar days and then had 10 or more absences in a row. As a result, these periods of time are non-fundable intervals.

In addition, auditors found that the School failed to properly retain school records as required by the General Records Retention Schedule Number GS-1074. For school districts and charter schools the records retention schedule for student records, Schedule Number GS-1074, requires schools to maintain records related to instructional hours for four fiscal years. However, the School failed to properly document all bell schedules for the required three fiscal years for many of the alternative schedule days. As a result, the School failed to maintain sufficient instructional hour documentation as required by the Arizona State Library, Archives and Public Records.

Lastly, the School failed to maintain sufficient documentation to support the data submitted to ADE for funding purposes as required by both statute and ADE guidance. According to ADE School Finance Manual, section D-1, all original attendance records, whether in paper or electronic format, must be maintained pursuant to a records retention schedule, which is established by the Arizona State Library, Archives and Public Records. For school districts and charter schools the records retention schedule for student records, Schedule Number GS-1074, requires schools to maintain daily attendance records and excused absence reports for four fiscal years. However, the School did not properly track attendance for students for some days. In the future, the School should properly document and track attendance for the classes during all days, including days with alternative schedules.

In the future, the School must ensure it complies with statute and ADE guidelines to properly report FTE, student enrollments, and maintain records.

The School was overfunded by \$28,907.64

Auditors determined that the School did not receive the correct amount of Basic State Aid due to the inaccurate student data reported to ADE for FY2018, FY2019 and FY2020. The student data incorrectly reported by the School resulted in its ADM being overstated by 4.03. As a result, the School was overfunded by \$28,907.64 in Basic State Aid, which ADE must recoup from the School. Table 3 (page 8) shows the ADM and funding adjustments required for the School for FY2018, FY2019 and FY2020.

Table 3

**CITY Center for Collaborative Learning
ADM and funding adjustments
Fiscal years 2018, 2019 and 2020**

| | ADM Adjustment | Total |
|--------------|-----------------------|--------------|
| 2018 | 2.01 | \$14,093.72 |
| 2019 | 1.28 | \$10,287.50 |
| 2020 | 0.74 | \$4,526.42 |
| Total | 4.03 | \$28,907.64 |

Source: Auditor analysis of School and ADE records for FY2018, FY2019 and FY2020.

Recommendations:

1. The School must repay to ADE \$28,907.64 in Basic State Aid due to incorrectly reported student data.
2. The School needs to ensure that it properly calculates and reports students' FTE pursuant to statute and ADE guidelines.
3. The School must reconcile to ensure that enrollment dates are reported accurately pursuant to A.R.S. § 15-901.
4. The School must ensure compliance with records retention schedules required by statute and ADE guideline.

FINDING 2: THE SCHOOL DID NOT PROPERLY MAINTAIN SOME STUDENT RECORDS AS REQUIRED BY STATUTE AND GUIDELINE

Auditors determined that the School failed to properly maintain residency documentation for some students as required by statute and ADE guidelines. The School did not properly maintain required documentation in some of its student cumulative files. In the future, the School should properly maintain these documents to ensure compliance with statute and ADE guidelines.

The School did not properly maintain student file documentation

Auditors determined that the School failed to maintain residency documentation for some students as required by statute and ADE guidelines. According to A.R.S. § 15-823 and the ADE Arizona Residency Guideline, school districts and charter schools are required to maintain verifiable documentation of Arizona residency in the student’s cumulative file. This documentation must be provided each time a student enrolls in a school district or charter school and reaffirmed during the annual registration process. The ADE Arizona Residency Guideline identifies an approved list of options a parent or legal guardian may provide to the school district or charter school to meet these requirements.

The School did not maintain the proper documentation required by statute and ADE’s residency guideline. Of the 45 students sampled, two of the student files did not have the proper residency documentation and 22 of the student files did not have the residency reaffirmed annually. Table 4 lists the student file documentation maintained by the School for FY2018, FY2019 and FY2020.

Table 4

**CITY Center for Collaborative Learning
Student cumulative file documentation
Fiscal years 2018, 2019 and 2020**

| | Total Sampled | Missing Residency Documentation | Residency not Reaffirmed |
|--------------|----------------------|--|---------------------------------|
| 2018 | 15 | 2 | 7 |
| 2019 | 15 | - | 7 |
| 2020 | 15 | - | 8 |
| Total | <u>45</u> | <u>2</u> | <u>22</u> |

Source: Auditor analysis of School records for FY2018, FY2019 and FY2020.

In the future, the School must ensure that it complies with statute by collecting and maintaining in each student's cumulative file copies of verifiable residency and reaffirmation as required by law.

Recommendation:

1. The School must comply with statute by collecting and maintaining in each student's cumulative file copies of verifiable residency documentation and reaffirmation as required by law.

ADM AND FUNDING ADJUSTMENTS

A.R.S. § 15-915 requires that ADE makes corrections for audit findings to both budget capacity and state aid. ADE’s School Finance Unit’s Memo 13-011 informs LEAs of these statutory requirements:

A.R.S. §15-915, as amended by Laws 2012, Chapter 357, Section 3, requires the superintendent of public instruction, when it is determined that state aid or budget limits have been calculated in error, within the prior 3 years, to make corrections to budget limits and state aid in the current year. (Hardship application may be approved by the superintendent). Effective for audits initiated during 2013 and continuing in subsequent years, corrections for audit findings to both budget capacity and state aid (when applicable) will be made.

Basic State Aid adjustment of \$28,907.64 required to be paid to ADE—Auditors identified an overall funding adjustment of \$28,907.64 for the three fiscal years audited due to inaccurate student enrollment.

Table 5 lists the ADM adjustments and the associated Basic State Aid adjustments for the School for fiscal years 2018, 2019 and 2020.

Table 5

**CITY Center for Collaborative Learning
ADM and funding adjustments
Fiscal years 2018, 2019 and 2020**
