Introduction

Arizona's Academic Standards Assessment (AASA) the statewide achievement test for Arizona students in Grades 3–8. AASA assesses the Arizona English Language Arts Standards and Arizona Mathematics Standards adopted by the Arizona State Board of Education in December 2016. AASA will inform students, teachers, and parents about preparedness for college and careers upon graduating from high school. AASA tests are computer based, meaning that they can better assess students' critical thinking skills and provide them with opportunities to demonstrate a deeper understanding of the materials. Computer-based testing also allows for the use of a variety of innovative item types.

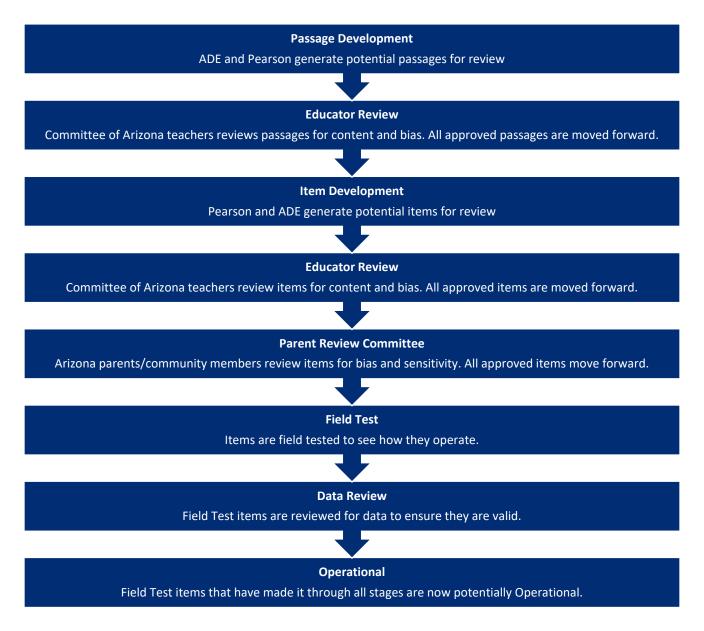

During the item-development process, all AASA items are written in accordance with the Item Specifications and are reviewed and approved by a committee of Arizona educators to confirm alignment and appropriateness for inclusion in the test. AASA items are generally representative of Arizona's geographic regions and culturally diverse population. Items are reviewed for the following kinds of bias: gender, racial, ethnic, linguistic, religious, geographic, and socioeconomic. Item reviews also include consideration of issues related to individuals with disabilities. Arizona community members also have an opportunity to review items for issues of potential concern to members of the community at large. Reviewers are asked to consider the variety of cultural, regional, philosophical, political, and religious backgrounds throughout Arizona, and then to determine whether the subject matter will be acceptable to Arizona students, families, and other members of Arizona communities.

This AASA Item Specifications is a resource document that defines the content and format of the test and test items for item writers and reviewers. The document indicates the alignment of items with the Arizona English Language Arts Standards. It also serves to provide all stakeholders with information about the scope and function of assessment items. This document can also serve to assist educators to understand how assessment items are developed in alignment with the standards for English language arts. These item specifications for AASA are intended to provide information regarding standards, item formats and response types. The descriptions of blueprints and depth of knowledge in this document are meant to provide an overview of the test. Item specifications are meant for the purposes of assessment, not instruction. They are not intended to be tools for instruction or the basis for curricula. AASA has a test blueprint that was developed by Arizona and is different from any other state or consortium test blueprint.

The AASA ELA test will have a Writing part and a Reading Part 1 and Part 2 for all grade levels. Each writing test will have one or more passages that relate to a prompt. Students will create a written response to the prompt. Students will not answer comprehension questions about the prompt. The ELA standard-level item specifications provide information about the development of items aligned to the Reading Standards. AASA is designed to reflect the importance of using evidence and reading complex texts outlined in the Arizona English Language Arts Standards. Any item specifications that are absent for standards listed in this document may be under development. This document does not endorse the exclusion of the instruction of any grade-level content standards.

Item Development Process

AASA items go through a rigorous review before they are operational. When an item is "operational" it means it is used to determine a student's score on the assessment. This is a description of the process every item must go through before it is operational on AASA.

Sample tests are available online for the ELA portion of AASA. The sample test can be accessed through Test Nav 8.0.

Test Construction Guidelines

The construction of the AASA assessment is guided by the depth and rigor of the Arizona English Language Arts Standards. Items are created to address key components of the standards and assess a range of important skills. The AASA blueprint provides an overview of the distribution of items on the AASA according to the standards. Further, the AASA blueprint outlines the Depth of Knowledge distribution of items.

Blueprint

The AASA blueprint details specific information regarding the strands tested at each grade level. The blueprint outlines the percentage of points aligned to each strand.

Grades 3 – 5 Reporting Category	Min.	Max.
Reading Standards for Literature	26%	35%
Reading Standards for Informational Text	26%	35%
Reading for Informational Text	26%	22%
Listening Comprehension	0%	13%
Writing and Language	26%	38%
Writing	13%	19%
Language	13%	19%

In Grades 3–5 some items in the Reading and Language strands will also be aligned to the standards for Reading: Foundational Skills.

Listening Standards will only be assessed on the computer-based assessment.

Depth of Knowledge (DOK)

DOK refers to the level of rigor or sophistication of the task in a given item designed to reflect the complexity of the Arizona English Language Arts Standards. Items at DOK level 1 focus on basic tasks such as correcting grammatical and spelling errors, defining terms, and locating details or facts in texts. Items at DOK level 2 require a greater degree of engagement and cognitive processing than items at DOK level 1. They may require students to show relationships or identify examples, use context to identify meaning, identify structures or features of texts, or distinguish between facts and opinions. Items at DOK level 3 feature higher-order cognitive tasks that assess students' capacities to read complex texts and think abstractly. They focus on critical thinking, developing and assessing logical arguments, making inferences, and citing evidence to support claims or conclusions. Finally, items at DOK level 4 require creativity, extensive planning, and/or sophisticated reasoning in the composition and organization of written essays. This information is not intended to provide an in-depth description of DOK, but rather a guide to the application of DOK for AASA.

Percentage of Points by Depth of Knowledge (DOK) Level				
Grade 4	DOK Level 1	DOK Level 2	DOK Level 3	DOK Level 4
Grade 4	10%-20%	50%-60%	15%-25%	13%–19%

For more information on DOK, please visit https://www.azed.gov/assessment/aasa.

Item Formats

The AASA assessments are composed of item formats that include traditional multiple-choice items (MC), multiple-select items (MS), evidence-based select response two-part items (EBSR), and technology-enhanced items (TEI).

TEIs are computer-delivered response items that require students to interact with test content to select, construct, and/or support their responses. TEIs are better able to assess a deeper level of understanding.

Currently, there are six types of TEIs that may appear on the ELA Grade 6 computer-based assessment for AASA:

- Inline choice (IC)
- Gap Match / Gap Match Table (GM/GMT)
- Match Table Grid (MTG)
- Hot Text (HT)
- Short Constructed Response (SCR)
- Writing Prompt (WP)

For paper-based assessments (including those for students with an IEP or 504 plan that specifies a paper-based accommodation), TEIs will be modified so that they can be scanned and scored electronically or hand scored.

See the table below for a description of each item type. Examples of each response item format described may be found in the AASA Sample Tests. The sample test can be accessed through Test Nav 8.0.

Item Type	Description		
Multiple Choice (MC)	The student is directed to select one correct answer from among 4 options.		
Multiple-Select (MS)	The student is directed to select all of the correct answers from among a number of options. These items are different from multiple-choice items, which allow the student to select only one correct answer. These items appear in the online and paper-based assessments.		
Evidence-Based Selected Response (EBSR)	Multiple Choice/Multiple Select Format: The student is directed to answer a "Part A" multiple-choice item based on a passage and is then asked to provide evidence in support of that answer by completing another "Part B" Multiple Choice item or a "Part B" Multi-Select item (see below). Multiple Choice/TE Format: The student is directed to answer a "Part A" multiple-choice item based on a passage and is then asked to provide evidence in support of that answer by completing a "Part B" TEI (see below).		

Inline Choice (IC)	The student clicks a box which reveals a drop-down menu containing options. The student then selects the correct word or phrase from the drop-down menu. For paper-based assessments, the item is modified so that it can be scanned and scored electronically. The student fills in a circle to indicate the correct word or phrase.
Gap Match / Gap Match Table (GM/GMT)	Gap Match: Certain numbers, words, phrases, or sentences may be designated "draggable" in this item type. The student can then click on the option, hold down the mouse button, and drag it to a graphic or other format. Gap Match Table: Same as above except the drop zone is in a table format.
(Gilly Gill)	For paper-based assessments, this item type may be replaced with another item type that assesses the same standard and can be scanned and scored electronically.
Match – Table Grid (MTG)	The student checks a box to indicate if information from a column header matches information from a row. For paper-based assessments, this item type may be replaced with another item type that assesses the same standard and can be scanned and scored electronically.
Hot Text (HT)	Excerpted sentences from the text are presented in this item type. Certain words, phrases, or sentences are highlighted. This indicates that the text is selectable ("hot"). The student can then click on an option to select it. For paper-based assessments, a "selectable" hot text item is modified so that it can be scanned and scored electronically. In this version, the student fills in a circle to indicate a selection.
Short Constructed Response (SCR)	The student uses the keyboard to enter a response into a text field. These items can usually be answered in a sentence or two. For paper-based assessments, this item type may be replaced with another item type that assesses the same standard and can be scanned and scored electronically.
Writing Prompt (WP)	These items may require the student to use features of an online word processor. The student can perform various tasks within the online word processor such as bold text, use bullet points, underline, etc.

Stimulus Guidelines

Stimuli comprise a broad category of materials that can be used to measure student knowledge. A stimulus is usually a reading passage or set of reading passages but can also be accompanied by other sources. Every question is associated with one or more stimuli. Currently, there are three types of stimuli for AASA: stimuli for reading passages, stimuli for editing tasks, and stimuli for listening.

Every stimulus associated with AASA has been approved by a committee of Arizona educators. Each stimulus has an associated Measurement of Complexity which analyzes its complexity according to the Arizona English Language Arts Standards.

Reading Passage stimuli will consist of one or more text passages. The passages may be informational or literary and will cover a variety of topics. Passages may be accompanied by multimedia features, including audio presentations, slideshows, or graphical elements. The word count listed below is only a guideline for passage length. Passages can be longer or shorter than the range depending on other measures of text complexity. The complexity of the passages should be appropriate for the grade level of the test-taker.

Acceptable Word Count Ranges by Grade Level		
3	100–700	
4	100–900	
5	200–1000	
6	200–1100	
7	300–1100	
8	350–1200	

Editing Task stimuli will consist of a two- to four-paragraph passage with three to five grammar, spelling, and punctuation errors. The first sentence in the passage will not include errors. Students will read the passage and answer questions about the grammar, spelling, and punctuation errors. The word(s) or phrases to be edited will be indicated by an underline in the passage. The correction of each error will be worth 1 point.

Acceptable Word Count Ranges by Grade Band		
Grade Band	Word Count Range	
3–5	100–200	
6–8	200–250	

Listening Stimuli will contain two or more components on the same topic: a reading passage or passage set followed by an audio presentation. Stimulus topics range from everyday life to current events, literature, poetry, art, music, physical education, health, mathematics, science, technical subjects, or social studies. The reading component of the stimulus can include informational graphics, tables, charts, or graphs.

Listening Timing		Passage Word Counts	
Grade Level	Minutes	Grade Level	Words
3	0.75-2.0	3	200–250
4	0.75-2.0	4	200–250
5	0.75-2.0	5	250-300
6	0.75-2.0	6	250–300
7	0.75-2.0	7	300–350
8	0.75-2.0	8	300–350

Writing stimuli will include a prompt that is related to one or more passages. Students will create a written response to the prompt. Students will not answer comprehension questions about the prompt. Scratch paper is permitted on both the computer-based test (CBT) and paper-based test (PBT) in order for students to compose a rough draft prior to formulating a "final" copy in the paper booklet or in the word processing area on the computer.

CBT— On the CBT students will have access to one or more passages that relate to a prompt, an electronic version of the Writing Guide and a word processing area to type their "final" response. On the CBT, students will have access to and be able to reference the appropriate Writing Guide.

PBT— On the PBT students will have access to one or more passages that relate to a prompt, a print copy of the Writing Guide and a "final" copy area to write their response. The Writing Guide will also appear after the writing prompt and before the final copy area on the PBT. On the PBT, there will be three final copy pages with a line spacing of .375" for grades 3 and 4 (wide ruled) and .3" for grades 5–11 (college ruled).

Arizona English Language Arts Standards

Reading Standards for Literature

Key Ideas and Details

- 4.RL.1– Refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.
- 4.RL.2- Determine a theme of a story, drama, or poem from details in the text; summarize the text.
- 4. RL.3— Describe in depth a character, setting, or event in a story or drama, drawing on specific details in the text (e.g., a character's thoughts, words, or actions).

Craft and Structure

- 4.RL.4– Determine the meaning of words, phrases, and figurative language found in stories, poetry, myths, and traditional literature from different cultures, including those that allude to significant characters.
- 4.RL.5– Explain the overall structure and major differences between poetry, drama, and prose.
- 4.RL.6— Compare and contrast the point of view from which different stories are narrated, including the difference between first-and third-person narrations.

Integration of Knowledge and Ideas

- 4.RL.7– Make connections between the text of a story or drama and a visual or oral presentation of the text, identifying where each version reflects specific descriptions and directions in the text.
- 4.RL.8- (Not applicable to literature)
- 4.RL.9— Compare and contrast the treatment of similar themes and topics (e.g., opposition of good and evil) and patterns of events (e.g., the quest) in stories, myths, and traditional literature from different cultures.

Range of Reading and Level of Text Complexity

4.RL.10—By the end of the year, proficiently and independently read and comprehend literature, including stories, dramas, and poetry, in a text complexity range determined by qualitative and quantitative measures appropriate to grade 4.

Reading Standards for Informational Text

Key Ideas and Details

- 4.RI.1– Refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.
- 4.RI.2— Determine the main idea of a text and explain how it is supported by key details; summarize the text.
- 4.RI.3— Explain events, procedures, ideas, or concepts in a historical, scientific, or technical text, including what happened and why, based on specific information in the text.

Craft and Structure

- 4.RI.4— Determine the meaning of general academic and domain-specific words or phrases in a text relevant to a *grade 4 topic or subject area*.
- 4.RI.5— Describe the overall structure (e.g., chronology, comparison, cause/effect, and problem/solution) of events, ideas, concepts, or information in a text or part of a text.
- 4.RI.6— Compare and contrast a firsthand and secondhand account of the same event or topic; describe the differences in focus, and the information provided.

Integration of Knowledge and Ideas

- 4.RI.7—Interpret information presented visually, orally, or quantitatively (e.g., in charts, graphs, diagrams, time lines, animations, or interactive elements on Web pages) and explain how the information contributes to an understanding of the text in which it appears.
- 4.RI.8— Explain how an author uses reasons and evidence to support particular points in a text.
- 4.RI.9– Integrate information from two texts on the same topic in order to write or speak about the subject knowledgeably.

Range of Reading and Level of Text Complexity

4.RI.10—By the end of the year, proficiently and independently read and comprehend informational texts, including history/social studies, science, and technical texts, in a text complexity range determined by qualitative and quantitative measures appropriate to grade 4.

Standards for Speaking and Listening

Comprehension and Collaboration

- 4.SL.2— Paraphrase portions of a text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.
- 4.SL.3—Identify the reasons and evidence a speaker provides to support particular points.

Standards for Language

Conventions of Standard English

- 4.L.1– Demonstrate command of the conventions of Standard English grammar and usage when writing or speaking.
 - a. Use relative pronouns (*who, whose, whom, which, that*) and relative adverbs (*where, when, why*).
 - b. Form and use the progressive (e.g., I was walking; I am walking; I will be walking) verb tenses.
 - c. Use modal auxiliaries (e.g., can, may, must) to convey various conditions.
 - d. Order adjectives within sentences according to conventional patterns (e.g., a small red bag rather than a red small bag).
 - e. Form and use prepositional phrases.
 - f. Produce complete sentences, recognizing and correcting inappropriate fragments and run-ons.
 - g. Correctly use frequently confused words (e.g., to, too, two; there, their).
 - h. Write and organize one or more paragraphs that contain: a topic sentence, supporting details, and a conclusion that is appropriate to the writing task. (Construction of paragraph(s) should demonstrate command of Writing standards 1-3.)
- 4.L.2— Demonstrate command of the conventions of Standard English capitalization, punctuation, and spelling when writing.
 - a. Use correct capitalization.
 - b. Use commas and quotation marks to mark direct speech and quotations from a text.
 - c. Use a comma before a coordinating conjunction in a compound sentence.
 - d. Spell grade-appropriate words correctly, consulting references as needed.

Vocabulary Acquisition and Use

- 4.L.4– Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 4 reading and content, choosing flexibly from a range of strategies.
 - a. Use common, grade-appropriate Greek and Latin affixes and roots as clues to the meaning of a word (e.g., *telegraph*, *photograph*, *autograph*).
 - b. Use context (e.g., definitions, examples, or restatements in text) as a clue to the meaning of a word or phrase.
 - c. Consult reference materials (e.g., dictionaries, glossaries, thesauri), both print and digital, to find the pronunciation and determine or clarify the precise meaning of key words and phrases.
- 4.L.5– Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.
 - a. Explain the meaning of simple similes and metaphors (e.g., as pretty as a picture) in context.
 - b. Recognize and explain the meaning of common idioms, adages, and proverbs.
 - c. Demonstrate understanding of words by relating them to their synonyms and antonyms

Standards for Writing

Text Types and Purposes

- 4.W.1– Write opinion pieces on topics or texts, supporting a point of view with reasons and information.
 - a. Introduce a topic or text clearly, state an opinion, and create an organizational structure in which related ideas are grouped to support the writer's purpose.
 - b. Provide reasons that are supported by facts and details.
 - c. Link opinion and reasons using words and phrases (e.g., for instance, in order to, in addition).
 - d. Provide a concluding statement or section related to the opinion presented.
- 4.W.2— Write informative/explanatory texts to examine a topic and convey ideas and information clearly.
 - a. Introduce a topic clearly and group related information in paragraphs and sections; include formatting (e.g., headings), illustrations, and multimedia when useful to aiding comprehension.
 - b. Develop the topic with facts, definitions, concrete details, quotations, or other information and examples related to the topic.
 - c. Link ideas within categories of information using words and phrases (e.g., *another, for example, also, because*).
 - d. Use precise language and domain-specific vocabulary to inform about or explain the topic.
 - e. Provide a concluding statement or section related to the information or explanation presented.
