Work Requests

When a student transfers into your district or within schools in your district and the student requires an AASA and/or AzSCI test, the Achievement District Test Coordinator may submit a Work Request in PearsonAccessnext to have the student transferred from the releasing school to the new school. This work request will be sent to the releasing school for approval. If this work request is for transfers within your own district, the DTC will create the work request and then approve the work request.

The following is the information you will need to submit a student transfer Work Request:

- SSID
- Last name
- First name
- Middle initial - optional
- Date of birth

To submit a work request for a new student who transferred into the district:

1. Go to Setup, select Work Requests.
2. Go to Start, select All Tasks.
3. From the Tasks for Work Requests screen, select the Request/Delete Enrollment Transfer tab.
4. Complete the information on the New Enrollment Transfer.

9. Click Send Request.

11. Select the **Exit Tasks** button.

12. To confirm or view requests that are pending approval, use the filter status Waiting for Approval.

13. The Achievement District Test Coordinator from the releasing district will receive an email notifying them of the work request.
