Overview of Verification

What is Verification?

Verification is the process of confirming free and reduced-price meal eligibility.

Verification is only required when eligibility is determined through the household application process, not through direct certification.

Please note: All SFAs are required to submit the VSR, regardless of the operation!

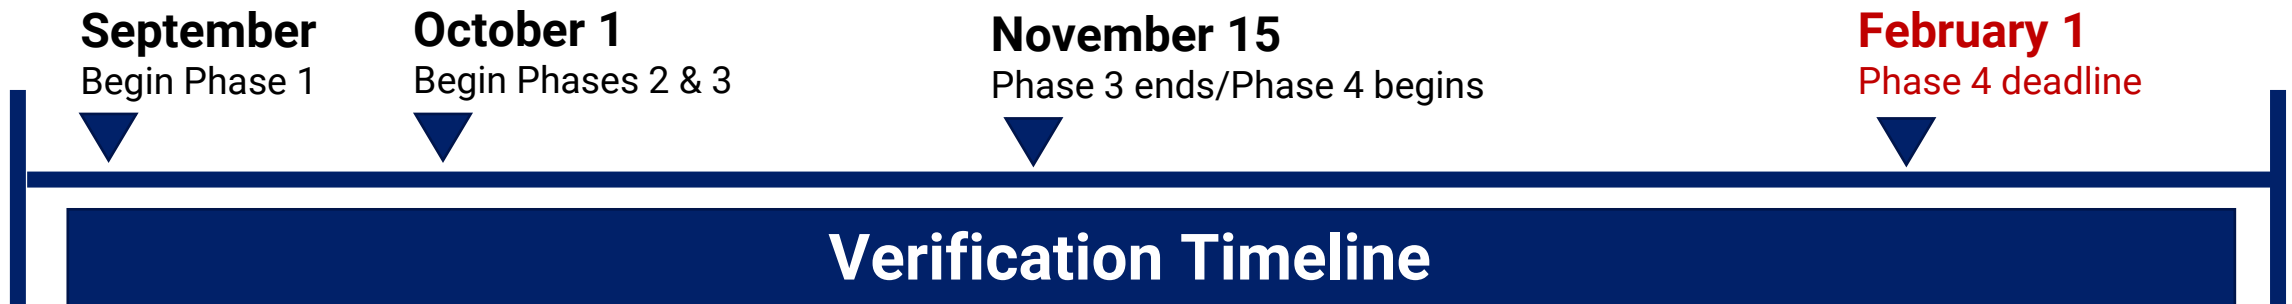

Verification Phases

The verification process has four phases, with each phase having an individual timeline.

- Phase 1: Prepare
- Phase 2: Calculate and Select
- Phase 3: Verify
- **Phase 4: Report**

Verification Timeline

Reporting Requirements

Each year, SFAs must report:

- their enrollment data as of October 31st; and
- the number of applications selected for verification and the results of verification activities.
 - *Please note that if you did not collect applications at any of your sites, you did not conduct verification activities and do not have verification activity results.*

Any SFA that does not submit their report by February 1st will have their reimbursements placed on hold until the report is submitted.

Last Steps of Verification

Congratulations - verification season is almost over!

- Think of the VSR as telling HNS your verification “short” story.
- We hope many of you can submit today. If not, it’s ok!
- Your assigned HNS specialist can provide you with technical assistance after the webinar if you need additional help.

Completing the Verification Summary Report

Common Reporting Errors

Common Error #1

October 31st Enrollment

- Remember, it is required that all SFAs report their total SFA enrollment number as of October 31st in field 1-1B.
- In addition to reporting this in 1-1B, it is required to report the number of students enrolled in the school's specific operation (non-base year, CEP, etc.) this is reported on the same page as 1-1B.
- The total enrollment reported in 1-1B should account for the same number of students reported below in 2-2B through 2-5B.

Let's go through some examples!

Common Error #1 - Example

October 31st Enrollment – SFA that operates only on a non-base year

Number	Question	Value
1-1B	Per CNPWeb, this is the reported enrollment from your October claim(s). Please enter the number of students enrolled in your NSLP schools as of October 31st. <small>The CNPWeb enrollment may differ from your October 31st enrollment. Please enter the enrollment information that your documentation supports.</small>	415
2-1B	Per CNPWeb, this is the number of students in schools operating Provision 2/3 in a BASE year for NSLP and SBP. Please enter the number of students in schools operating Provision 2/3 in a BASE year for NSLP and SBP as of October 31st. <small>The CNPWeb enrollment may differ from your October 31st enrollment. Please enter the enrollment information that your documentation supports.</small>	
2-2B	Per CNPWeb, this is the number of students in schools operating Provision 2/3 in a NON-BASE year for NSLP and SBP. Please enter the number of students in schools operating Provision 2/3 in a NON-BASE year for NSLP and SBP as of October 31st. <small>The CNPWeb enrollment may differ from your October 31st enrollment. Please enter the enrollment information that your documentation supports.</small>	415
2-3B	Per CNPWeb, this is the number of students in schools operating the CEP. Please enter the number of students in schools operating the CEP as of October 31st. <small>The CNPWeb enrollment may differ from your October 31st enrollment. Please enter the enrollment information that your documentation supports.</small>	
2-5B	Per CNPWeb, this is the number of Students in Schools operating Alternate Provision (Special Assistance Provision 2/3) for only SBP or only NSLP. Please enter the number of Students in Schools operating Alternate Provision (Special Assistance Provision 2/3) for only SBP or only NSLP as of October 31st. <small>Example: School A operates Provision 2/3 for SBP only and operates regular NSLP</small> <small>The CNPWeb enrollment may differ from your October 31st enrollment. Please enter the enrollment information that your documentation supports.</small>	

- 1-1B and 2-2B should match!
- Why? Because all sites are operating Provision 2/3 non-base year for breakfast and lunch.

Common Error #1 - Example

October 31st Enrollment – SFA that operates regular NSLP and CEP

Number	Question	Value
1-1B	Per CNPWeb, this is the reported enrollment from your October claim(s). Please enter the number of students enrolled in your NSLP schools as of October 31st. <small>The CNPWeb enrollment may differ from your October 31st enrollment. Please enter the enrollment information that your documentation supports.</small>	41811
2-1B	Per CNPWeb, this is the number of students in schools operating Provision 2/3 in a BASE year for NSLP and SBP. Please enter the enrollment information that your documentation supports.</small>	
2-3B	Per CNPWeb, this is the number of students in schools operating the CEP. Please enter the number of students in schools operating the CEP as of October 31st. <small>The CNPWeb enrollment may differ from your October 31st enrollment. Please enter the enrollment information that your documentation supports.</small>	23908
2-5B	Per CNPWeb, this is the number of Students in Schools operating Alternate Provision (Special Assistance Provision 2/3) for only SBP or only NSLP. Please enter the number of Students in Schools operating Alternate Provision (Special Assistance Provision 2/3) for only SBP or only NSLP as of October 31st. <small>Example: School A operates Provision 2/3 for SBP only and operates regular NSLP.</small> <small>The CNPWeb enrollment may differ from your October 31st enrollment. Please enter the enrollment information that your documentation supports.</small>	

- 41,811 total enrolled
- 60 sites operate CEP with 23,908 enrolled in those sites
- The additional 40 sites operate regular NSLP with 17,903 students enrolled.
 - *These students would be reported throughout the rest of the VSR.*

Common Error #2

Reporting in Incorrect Field

- Read 2-1B through 2-5B carefully to ensure you are inputting enrollment counts in the correct Special Provision Option(s) that your SFA operates.
- There are different fields for Provision 2/3 base year and non-base year, CEP, and for sites that operate a Special Provision Options for SBP or NSLP only.
- You most likely will leave some of these fields blank because you do not operate all options.

After Submitting

Next Steps

What happens after I submit my report?

- Your assigned HNS Specialist will review your report to check for any potential errors and will contact you if any revisions are needed.
- You do not need to alert HNS once you have submitted.
- When your report is in “approved” status, your specialist has already reviewed your report and no further action is needed.

Keep a Copy on File

- The VSR will be part of your Administrative Review and will be reviewed for accuracy at that time.
