

# Unique Populations Newsletter

## MESSAGE OF THE MONTH

Thank you for an incredible school year and for your hard work and commitment to our students. Over the next several weeks, many of you will be welcoming students to summer learning sessions and planning for the upcoming school year. We hope you take some time to enjoy your summer with family and friends. Our calendars for June and July are filled with dynamic professional learning. Please visit our website for more information. We are available and here to support you. Reach out if there is anything we can assist you with.

## WHAT'S NEW!

### Teaching Reading Effectively: Enrichment for Teachers of English Learners

#### Summer 2021 Cohort

This professional learning series is designed as a continuation of learning from ADE's original Teaching Reading Effectively (TRE) course.

This course will provide educators with a deeper understanding of language acquisition and effective instructional practices for developing fluent readers while simultaneously building their language skills as they relate to Arizona's Language Development Approach (AZ LDA).

All sessions will explicitly connect the four principles for promoting student agency in English learners to the five features of effective reading instruction.
