Vol. 1.2022

## Greetings from OELAS

### Welcome to the first edition of OELAS' new funding publication – ON THE HORIZON.

This publication is sent to all contacts listed in the Contact Information page of the Title III and SEI Budget-Comprehensive grants.

**We look forward to sharing these regular and frequent updates with our grant recipients. This is an opportunity for us to provide continued support to LEAs through all phases of the funding process by communicating timelines, updates in guidance, resources, and tips for success. OELAS hopes this tool keeps you well-prepared and informed of grant-related news and activities that are *on the horizon*.**

### FY 2023 Title III Allocations

The FY 2023 Title III Allocations List will be made public and posted on the [Title III](#) page of the OELAS website on March 1, 2022.

- LEAs with allocation amounts over \$10,000 will have an individual (LEP) subgrant waiting for them in GME.
- LEAs with allocation amounts less than the \$10,000 Federal threshold are required to join or form a consortium. Check out these consortia resources on the Title III website:

### FY 2023 SEI Budget-Comprehensive

SEI Budget funds are a State appropriation to support the incremental costs for implementation of the approved SEI Models. This semi-competitive grant application is open to all LEAs and funds are to be used for incremental teacher salaries and benefits necessary for the required targeted minutes of ELD instruction. The submission window for SEI Budget-Comprehensive Funding Applications is only open from March 1, 2022 through May 2, 2022.

### FY 2022 Project Reminders

Please remember to revisit all FY22 approved applications often to ensure actual spending aligns with approved budget requests. Application Revisions can be submitted as often as necessary throughout each project period.

SEI Budget project end date: June 30, 2022

Title III project end date: September 30, 2022
