ESSER Funds – USED LEA Data Reporting Requirements

- The US Department of Education has released final data collection reporting requirements for all ESSER fund grants (ESSER I, II and III). Comprehensive data are required to be submitted by states (SEAs) and LEAs regarding their usage of ESSER grant funds
- These data requirements have been updated by USED and are generally much more streamlined than the prior requirements. Changes include a shift to the state fiscal year for reporting rather than the federal fiscal year
- Most of the required data elements (fiscal, program and personnel) are new and are not currently captured through existing ADE collections
- Data response types include a combination of Y/N (or True/False) and open-ended responses (as applicable)

General Information and Instructions

- **"Expended"** is defined here for USED reporting purposes as ESSER (I, II and III as applicable) funds drawn down to reimburse any ESSER-related expenses during the following time periods:
 - ✓ **ESSER I: October 1, 2020 – June 30, 2021** (*portion* of state fiscal year FY21)
 - ✓ **ESSER II: July 1, 2020 – June 30, 2021** (state fiscal year FY21)
 - ✓ **ESSER III: July 1, 2020 – June 30, 2021** (state fiscal year FY21)
- LEAs must complete **all** sections of this report based on all ESSER (I, II and III) funds received, as applicable
- **All items require a response**
- Refer to budget and narrative response information provided in ESSER I, II and III LEA funding application(s) and associated approved reimbursement requests, as applicable, while completing this reporting. This will help to ensure LEA reported responses are consistent with information in your approved funding application and reimbursement requests

ESSER Data Reporting Elements

- Highlights of the primary categories of data and elements required for ESSER I, II and III:

FISCAL

- Total amounts **allocated**, and **actual expenditures**, **disaggregated by activity category**, within each grant within the reporting period
- There are now four primary activity categories

PROGRAM

- Title I LEAs will also need to provide responses regarding the 20% required set-aside to address learning loss

PERSONNEL

- Now, reporting of Total LEA FTE counts of all staff within the LEA, regardless of whether the position is funded by Federal, State, local, or other funds

ESSER Data Reporting Elements
