# Per Pupil Expenditure Amounts - Definitions

## Sections I through IV

Current expenditures by type of expenditure and total expenditures by fund for each school district and charter school were reported to the Arizona Department of Education on each district's or charter school's Annual Financial Report (AFR). District Sponsored Charter School (DSCS) expenditure data is included with the sponsoring district in both the district level and school level reports, where applicable. Charter schools which closed and did not submit an AFR are listed on Section II, page 5 of Volume II, and are excluded from these sections.

Please note that information on the Annual Financial Report (AFR) is not audited at this time. The current expenditure figures and the expenditures by fund or project are reported separately on the AFR. Differences between current expenditures and total expenditures are due to definitional differences or differences in how various districts and charters account for expenditures. Current expenditures are a subset of total expenditures, pursuant to A.R.S. §15-746 (A) (4).

The following pages present data on total and per pupil expenditures for school districts and for charters at the district and charter holder level (Sections I & III and II & IV, respectively). Two different types of expenditures are listed: current expenditures by type of expenditure and total expenditures by fund or project.

- **Current Expenditures By District Type and Charter Schools**

This summary page lists the various types of districts and charter schools. The table provides the attending Average Daily Membership (ADM)<sup>1</sup> for each, and lists the total dollars expended by type of expenditure. The per student amounts were calculated by dividing the reported expenditure figures by the resident attending plus non-resident attending average membership for the district or charter school as reported to the Arizona Department of Education.

- **Current Expenditures for District and Charter Holder (Sections I & II):**

Expenditures by type are summarized for each district and charter from all funds or projects for elementary and secondary education (to include M&O, CSF, IIF, most federal and state projects, etc.). Excluded are expenditures for land and land improvements, buildings and building improvements, furniture, equipment, and vehicles. Also excluded are Internal Service Fund operations, Community School Fund operations, debt retirement, student activities, and nonpublic school programs (e.g., adult/continuing education, community college education, community services, and day care centers). Total reported expenditures, by category, are divided by total attending ADM. Current expenditures are reported under the following categories:

**A. Classroom Instruction:**

Regular and Special Education Expenditures related to activities dealing directly with the interaction between teachers and students, **excluding** classroom supplies.

<sup>1</sup> Resident ADM plus the Total Attending Non-Resident ADM (all students residing in the district regardless of where they attend)
