Public Education Agency (PEA) Determinations Data Concerns Form

Under Section 616 of the Individuals with Disabilities Education Act (IDEA), States are required to make a determination for all public education agencies (PEAs) based on their performance on identified special education criteria. The Federal Fiscal Year 2020 determination was posted online at the [PEA Determinations web page](#).

If your agency has any concerns about the measurements or data used in your PEA determinations, you may complete the tables below and [email this document to the ESS Operations Inbox](#). Based upon the information provided, ESS may review the measurements and your data to determine if any mistakes were made in the calculations or system process (including AzEDS). Please be prepared to provide supporting documentation upon request to assist in the data review process.
