Title IV-A Sub-Category Report SY 21-22

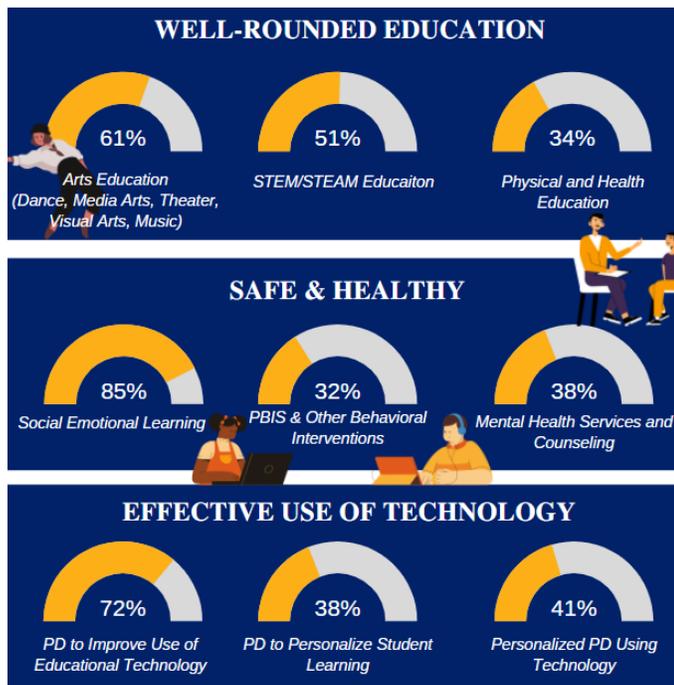

Arizona Districts and Charters Transform with Title IV-A!

The purpose of the Title IV-A Student Support and Academic Enrichment (SSAE) grant is to improve students' academic achievement by increasing the capacity of States, local educational agencies, schools, and local communities to provide **ALL** students with access to a **well-rounded education, improve school conditions for student learning, and improve the use of technology** in order to improve the academic achievement and digital literacy of all students.

Our goal is to provide meaningful data to inform and include constituents connected to Arizona schools and National policy makers of how Arizona districts and charters are choosing to prioritize and utilize funding to support the three content areas of Title IV-A: Well-Rounded Education, Safe and Healthy Students, and Effective Use of Technology.
