The mission statement of the Arizona State Board for Charter Schools (“Board”) is: “To improve public education in Arizona by sponsoring charter schools that provide quality educational choices.” In the fall of 2006, the Board approved an application process for the replication of existing high-quality charter schools. Thus, AZCSP adopts the Board’s replication eligibility criteria to define “High-Quality Charter School” that meets all criteria described below.

Academic Performance Criteria

An academic dashboard for each school operated by the charter holder is available through the Arizona State Board for Charter Schools (ASBCS) online system.

The academic framework includes two indicators. Schools are evaluated by one of the following indicators:

1. *State Accountability: State Accountability is the default indicator used to evaluate the academic performance of all charter schools sponsored by the Board. This indicator includes two measures:*
 - *The letter grade of each school operated by the charter holder as assigned through Arizona’s A–F Letter Grade Accountability System, and*
 - *State designations for school improvement.*
2. *School-Specific Academic Goals: A charter holder that operates a school that serves a special population that does not have an achievement profile established by the State Board of Education for state accountability pursuant to A.R.S. § 15-241(I) may petition the Board to adopt unique, school-specific academic performance standards. Only charter schools that have been approved by the Board to use the substitute indicator of school-specific academic goals will be evaluated under this indicator.*

Free Standing Charter School

- *A minimum Overall Rating of “Above Standard” on the academic dashboard in each of the last two years when data are available that includes the grade levels operated.*

Charter Management Organization (CMO) or Network Schools

- 75 percent or more of the schools operated by the charter holder must have a minimum Overall Rating of “Meets Standard” in the most recent fiscal year presented on each school’s academic dashboard.
- If the Board determines that one or more certain Associated Schools are excluded for academic purposes, then 100 percent of the remaining Associated Schools must have a minimum Overall Rating of “Meets Standard”.

Financial Performance Criteria

A financial dashboard for the charter holder is available through ASBCS online system.

Free Standing Charter School

The charter holder has no measure rated “Falls Far Below Standard” for the most recent fiscal year presented on the charter holder’s dashboard.

Charter Management Organization (CMO) or Network Schools

75 percent or more of all Associated Charters have no measure rated “Falls Far Below Standard” for the most recent fiscal year presented on the Associated Charters’ dashboards. If one or more Associated Charters are excluded for financial performance purposes, then 100 percent of the remaining Associated Charters must have no measure rated “Falls Far Below Standard” for the most recent fiscal year presented on the Associated Charters’ dashboards.

Operational Performance Criteria

An operational dashboard for the charter holder is available through ASBCS online system.

Free Standing Charter School

The charter holder meets the operational performance standard for the most recent completed fiscal year and the current evaluated year.

Charter Management Organization (CMO) or Network Schools

75 percent or more of its Associated Charters meets the operational performance standard for the most recently completed fiscal year and the current evaluated year.

Compliance Criteria

The charter holder and its Associated Charters must be in compliance with its charter, other contractual agreements with the Board, and all applicable federal and state laws as evidenced by Compliance Checks Policy Statement conducted by the Board.

4. A subgrant may be no more than 5 years of which no more than 18 months can be used for planning and program design. ESEA §4303(d)(1)(B) & 4303(h)(1)(B).
5. AZCSP encourages applicants to propose academic programs and instructional practices that work for all students including serving students in rural communities.
