E) Summary of allocation methodology

Requirements

Once funding is received from US Department of Education, ADE allocates funds to LEAs per the following guidance:

1a. Reserve for LEA Allocations

SEAs must use at least 95% of allocations to award formula subgrants to LEAs to assist ELs in learning English and to award targeted subgrants to LEAs that have had a significant increase in the number of immigrant children and youth.

For Fiscal Year Ending June 30, 2023

Overview

1b. Required Reservation

The SEA may reserve up to 15% of its total allotment for LEAs with significant increases (compared to 2 preceding fiscal years) in percentage or number of immigrant children enrolled in public and nonpublic elementary and secondary schools in the geographic areas under the jurisdiction of or served by those entities. For FY23, ADE will reserve 1% of funding for this purpose.

1c. Subgrants to all LEAs

The SEA allocates the remaining portion to all LEAs proportionately based on the number of English learners served in each LEA.

1d. Limitation

A State educational agency shall not award a subgrant if the amount of such subgrant would be less than \$10,000 (Note: in this case, ADE combines LEAs into consortia to distribute funding; county consortia are "eligible entities" as described in Part B, Section 3201 (3))

2a. Reserve for State Activities

SEAs may reserve up to 5 percent of their allocations for the establishment and implementation of statewide entrance and exit procedures for ELs, planning, evaluation, professional development activities, technical assistance, recognition, and administration. For FY23, ADE will reserve the full 5%.

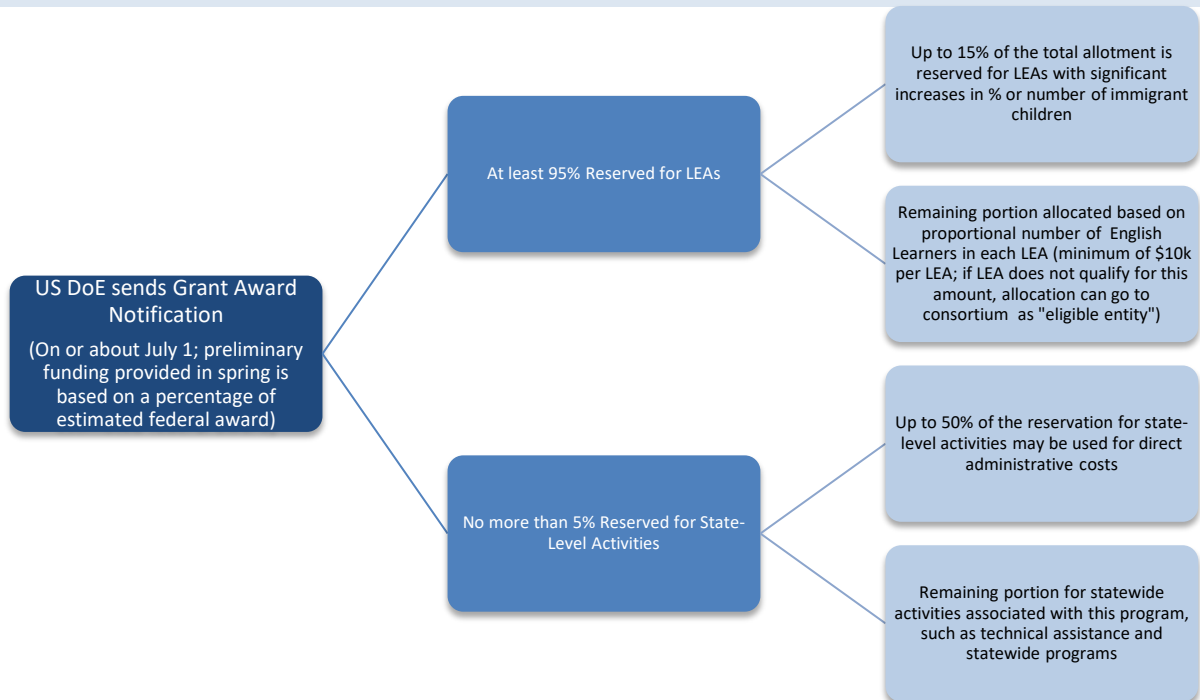

2b. Reserve for State Admin Costs

From the amount it reserves for those State activities (above), SEAs may reserve 50 percent of that amount or \$175,000, whichever is greater, for direct administrative costs.

3. Reallocation of Funds

Whenever a State educational agency determines that an amount from an allocation made to an eligible entity under subsection (a) for a fiscal year will not be used by the entity for the purpose for which the allocation was made, the agency shall, in accordance with such rules as it determines to be appropriate, reallocate such amount, consistent with such subsection, to other eligible entities in the State that the agency determines will use the amount to carry out that purpose.
