

MTSS READINESS SCREENER

Readiness factor	0: Not ready	1: In progress	2: Ready for implementation	Readiness factor score	Next step action/date
Vision/mission aligned	Vision and mission are not aligned to MTSS work.	Vision and mission work alignment has begun but is not completed.	Vision and mission are aligned and include stakeholder input.		
Need	The need is not made clear to the stakeholders.	The need is clear to some but not to others.	The need is made clear and supported by data.		
Willingness	The leadership and staff have not made implementation a priority.	There is 50% willingness to implement among the stakeholders.	The leadership and staff are willing to implement.		
Funding available	Funding is not available or restructured to meet the needs of implementation.	Funding is being reevaluated, but no adjustments have been made at this time.	Funding is allocated and prioritized for implementation needs.		
Accountability structure in place	Implementation is optional, with no clear outcomes identified.	There are some components of accountability in place but not others.	Goals are set, and monthly accountability checks for all stakeholders in the system are in place.		
Leadership capacity	The leadership does not have a clear understanding of MTSS implementation.	The leadership is beginning to take steps to build capacity in MTSS implementation.	The leadership is committed to building staff capacity on an ongoing basis.		
Ability to implement and monitor progress	The leadership does not have the training or tools to implement.	The leadership is beginning to understand MTSS implementation, but they still do not feel as if they are ready to fully lead implementation.	The leadership has the ability to lead the school in implementation and monitoring of key MTSS actions.		
Time commitment	Individual programs or initiatives have consumed the time of the leadership.	Time has been allotted but is not consistently utilized for MTSS implementation.	The leadership has allotted and will continue to allow adequate time for MTSS implementation.		

Readiness factor score: ____/16 points

15 points and above = Ready to begin the work

12–14 points = In progress to begin the work

13 points and below = Need improvement to begin the work
