Post Assessment Scoring

Levels Correlate to Answer Choices:

Level 1 - Proficient	Level 2 - Approaching	Level 3 - Novice
Always, Often	Sometimes	Rarely, Never

- Label questions in the 26 sections with Levels 1, 2, or 3.
- Identify which standards are areas of proficiency (Always, Often) and standards that have room for growth.

Example:

Post Assessment Guidelines

- Congratulate your student in areas of Proficiency!
- Identify the Professional Skill standards that have room for growth.
- Provide guidance and exposures to track performance.
- After taking the pre-assessment, students should identify 1-2 standards to improve upon each quarter.
- Guided reflections and information from this assessment should be loaded in the MYFUTUREAZ student profile and can be used to satisfy ECAP requirements.

(pdf) Educator Resources - Conscious Discipline P.E.A.C.E. process. https://consciousdiscipline.com/e-learning/webinars/conflict-resolution-and-assertiveness/
4 I usually... wait until the last minute to do my school work	Teach your students to document how they used their time during the day - review and reflect together to determine time wasters. Emphasize the need to set daily routines and priorities using a planning organizer. Reflect with your student on the effects of procrastination - how does it feel, what is the impact, and what could be done differently? Teach how resilience and optimism can increase performance and stamina and tips to maintain a positive mental attitude: 1. Surround yourself with other positive people. Your friends have a big influence on your mindset. Would you rather be around people with a negative attitude who love to complain? Or would you rather be surrounded by vibrant, happy people who lift you up? Positive people's emotions rub off on you and inspire you to maintain a positive attitude and become a better version of yourself. 2. Look inside of yourself. To maintain a positive mental attitude, reflect on your inner world so you can relate to the outer world better. This can be achieved through breathing exercises, journaling, or reflecting on your actions. 3. Practice visualization. Visualization can be a powerful technique whereby imagining the best possible outcome and then feel the positive emotions. 4. Get rid of negative inner voice. Daily meditation helps you let go of negative emotions like worry, fear, and anxiety, and it trains your mind to be grounded in the present moment. https://www.betterup.com/blog/positive-mental-attitude
5 I have... a positive attitude and outlook on life
