# Exceptional Student Services
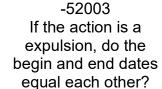

## Integrity Error -52003

**Error Message:**

Expulsion action end date must equal begin date.

**Description:**

Incident Expulsion Action must be reported as single day. Begin date must equal end date.

**Example:**

- Incident
  - Incident Action
    - Expulsion Action
      - Begin Date
      - End Date

-52003
If the action is a expulsion, do the begin and end dates equal each other?

Expulsions are expected to be for the remainder of the fiscal year. The action of expulsion should occur on the last day of enrollment, aligning an expulsion enrollment exit code.

**Troubleshooting:**

- Validate dates reported for Discipline Actions using the DISC10 report in the AzEDS Portal.
- Validate begin date and end date for actions with expulsion label are equal to each other.
- Once corrected, allow integrity to run overnight to see if student is passing on the INTEG15 report.

A listing of all Integrity Rules can be found on the AzEDS website.
