Principle 1 Effective Leadership

Effective leaders maintain strong professional ethics and integrity to shape a vision of academic success and schoolwide social emotional learning that leads to equitable access for all students. They analyze and attack challenges and manage systems to position the school and students to achieve at high levels. They set clear, measurable and attainable goals. They create a cadre of high-quality teachers and cultivate leadership in others.

Indicator 1.1 Our leadership guides the implementation of a vision of academic success and social emotional learning that leads to equitable access which is shared and supported by all stakeholders.

Output: Students believe that all staff and students share a vision of learning and is reflected in staff and student attitudes and behaviors.

Rating	0	1	2	3
Element A How did leadership develop the vision of academic success and schoolwide social emotional learning?	There is no vision of academic success and schoolwide social emotional learning	Leadership developed the vision of academic success and schoolwide social emotional learning in isolation with little or no data	Leadership developed the vision of academic success and schoolwide social emotional learning with some of the stakeholders using some data	Leadership developed the vision of academic success and schoolwide social emotional learning collaboratively with the professional staff and the community using quantitative and qualitative data to inform the process
Element B How often is the vision of learning used to guide the policies/procedures and decisions of the school?	The vision of academic success and schoolwide social emotional learning is not used to guide the policies/procedures and decisions of the school, or there is no vision of learning	The vision of academic success and schoolwide social emotional learning is infrequently used to guide the policies/procedures and decisions of the school	The vision of academic success and schoolwide social emotional learning is sometimes used to guide the policies/procedures and decisions of the school	The vision of academic success and schoolwide social emotional learning is consistently used to guide the policies/procedures and decisions of the school

Rating	0	1	2	3
Element C How often is the vision of learning reviewed and revised to reflect the current school community?	The vision of academic success and schoolwide social emotional learning is old and has never been reviewed and amended to reflect the school community, or it does not reflect the school community	The vision of academic success and schoolwide social emotional learning has not been recently reviewed and revised to reflect the school community	The vision of academic success and schoolwide social emotional learning is reviewed and revised every two or three years to reflect the school community	The vision of academic success and schoolwide social emotional learning is reviewed and revised annually to reflect the current school community
Element D Are diversity, inclusion and equity included in the school's mission?	Diversity, inclusion and equity are not included in larger efforts that focus on the core mission	While diversity, inclusion and equity complement many aspects of the mission, they remain on the periphery of the school. Diversity, inclusion and equity are rarely included in larger efforts that focus on the core mission	Diversity, inclusion and equity are often discussed as a priority, but are not included in the school's official mission or strategic plan	Diversity, inclusion and equity are a top priority and are included in the school's official mission and/or strategic plan

Indicator 1.2 Our leadership commits to sustaining a culture of high expectations for academic learning and social emotional growth of all students within a respectful, professional learning community for all staff.

Output: High student academic achievement and growth demonstrate a commitment of all staff and students to high expectations.

Rating	0	1	2	3
Element A Are high expectations for learning and growth of all students reflected in clear, measurable goals, policies/procedures and all decisions, based on all available data?	High expectations for academic learning and social emotional growth of all students are not reflected in clear, measurable goals, policies/procedures and decisions	High expectations for academic learning and social emotional growth of students are reflected in some policies/procedures and some decisions. Goals are not always clear, measurable or based on data	High expectations for academic learning and social emotional growth of all students are reflected in some clear, measurable goals, some policies/procedures and some decisions, based on some available data	High expectations for academic learning and social emotional growth of all students are reflected in clear, measurable goals, policies/procedures and all decisions, based on all available data

Rating	0	1	2	3
Element B Does leadership create opportunities for professional growth for all staff members based on walk-through data, formal evaluations and/or self- reflection, that allow all staff to improve their teaching craft and encourage the development of leadership skills?	Leadership has not yet provided opportunities for professional growth for all staff members	Leadership provides opportunities for professional growth for all staff members, but it is one size fits all	The leadership creates some opportunities for professional growth for all staff members, based on walk through data, formal evaluations and/or self-reflection, that allow all staff to improve their teaching craft and encourage the development of leadership skills	The leadership creates many opportunities for professional growth for all staff members, based on walk-through data, formal evaluations and/or self-reflection, that allow all staff to improve their teaching craft and encourage the development of leadership skills
opportunities for staff to reflect on and develop their		Leadership provides meaningful opportunities for staff to reflect on and develop their own social, emotional, and cultural competencies at least once per year.	Leadership provides meaningful opportunities for staff to reflect on and develop their own social, emotional, and cultural competencies multiple times throughout the year. These opportunities include structured activities that support staff in practicing self-care and examining their mindsets and biases.	Leadership provides meaningful opportunities for staff to reflect on and develop their own social, emotional, and cultural competencies which are built into regular staff meetings and part of the school's overall professional learning strategy. These opportunities include structured activities to support staff in practicing self-care and examining their mindsets and biases. The leadership team regularly reviews data related to adult SEL and cultural competence to plan ongoing support.

Element D Does leadership and staff regularly model social,	Leadership and/or staff have not yet prioritized modeling social, emotional, and cultural competencies	The leadership team is developing an approach to support leadership and	Leadership and staff regularly model social, emotional, and cultural	Leadership and staff regularly model social, emotional, and cultural competencies in their
emotional, and cultural competencies in their language and interactions with other staff, students, families, and community partners, and has the leadership team built supportive relationships with staff and regularly acknowledge staff efforts and contributions?	in their interactions.	staff in modeling social, emotional, and cultural competencies in their language and interactions with other staff, students, families, and community partners.	competencies in their language and interactions with most staff, students, families, and community partners. Staff efforts and contributions are sometimes acknowledged.	language and interactions with other staff, students, families, and community partners. The leadership team has built supportive relationships with staff and regularly acknowledge staff efforts and contributions.
Element E Are policies/procedures written to allow teachers both individual and collaborative time to use data and plan to meet student learning goals, cultivating mutual respect and collegiality among staff?	Policies/procedures are not written to allow teachers both individual and collaborative time to use data and plan to meet student learning goals, cultivating mutual respect and collegiality among staff	Policies/procedures are written to allow teachers individual or collaborative time to use data and plan to meet student learning goals, cultivating mutual respect and collegiality among staff	Policies/procedures are written to allow teachers individual or collaborative time, bi- weekly, to use data and plan to meet student learning goals, cultivating mutual respect and collegiality among staff	Policies/procedures are written to allow teachers both individual and collaborative time weekly, to use data and plan to meet student learning goals, cultivating mutual respect and collegiality among staff
Element F Does leadership know federal and state requirements and the necessary support for teaching special populations?	Leadership does not know federal and state requirements and the support necessary for subgroup populations	Leadership knows some federal and state requirements and the necessary support for teaching subgroup populations	Leadership knows most federal and state requirements and the necessary support for teaching subgroup populations	Leadership knows federal and state requirements and the necessary support for teaching subgroup populations

Indicator 1.3 Our leadership competently manages school operations to provide a safe, inclusive and effective learning environment. Output: Students believe that the school environment is psychologically, physically, and academically safe.

Rating	0	1	2	3
Element A Does the leadership identify resources to meet the academic, social and emotional needs of students and adults in the school to prevent or respond when events threaten to disrupt the learning environment?	The leadership does not identify minimal resources to meet the academic, social and emotional needs of students and adults in the school to prevent or respond when events threaten to disrupt the learning environment	The leadership identifies minimal resources to meet the academic, social and emotional needs of students and adults in the school to prevent or respond when events threaten to disrupt the learning environment	The leadership identifies sufficient resources to meet the academic, social and emotional needs of students and adults in the school to prevent or respond when events threaten to disrupt the learning environment	The leadership identifies multiple resources to meet the academic, social and emotional needs of students and adults in the school to prevent or respond when events threaten to disrupt the learning environment
Element B Are school buildings, equipment, and furnishings designed and maintained for the optimal safety of everyone who uses them?	Maintenance is severely lacking and there are safety concerns	Maintenance of school buildings, equipment, and furnishings are lacking	Some school building, equipment, and furnishings are designed and maintained for the optimal safety of everyone who uses them	All school buildings, equipment, and furnishings are designed and maintained for the optimal safety of everyone who uses them
Element C Are the school safety and emergency preparedness plans current, disseminated to all, subject to regular review and amendment, and practiced regularly?	There are no safety plans	The school safety and emergency preparedness plans are not current, disseminated, or subject to regular review and amendment, or practiced	The school safety and emergency preparedness plans are current and disseminated, but are not reviewed regularly and/or practiced	The school safety and emergency preparedness plans are current, disseminated to all, subject to regular review and amendment, and practiced regularly

Indicator 1.4 Our leadership collaborates with staff, family and community members to meet diverse local community interests and needs.

Output: Students, family, and community are actively involved as partners with the school.

Rating	0	1	2	3
Element A Are the leadership and staff deeply knowledgeable about students' experiences, cultural backgrounds, and the local community context, and do school leadership, staff, students, families, and community members work in partnership to develop practices and make decisions that create a more inclusive and equitable school community?	community context.	Leadership and staff are familiar with most of their students' cultural backgrounds, life circumstances, and the local community context.	Leadership and staff are using their knowledge of students' cultural backgrounds, life circumstances, and the local community context to inform their actions and create a more inclusive and equitable school community.	Leadership and staff are deeply knowledgeable about students' experiences, cultural backgrounds, and the local community context. School leadership, staff, students, families, and community members work in partnership to develop practices and make decisions that create a more inclusive and equitable school community.
Element B How does the leadership collect and review data about community interests and needs as well as the environment in which the local school resides?	The leadership does not collect or review data about community interests and needs as well as the environment in which the local school resides	The leadership collects but does not review data about community interests and needs as well as the environment in which the local school resides	The leadership collects and reviews some data about community interests and needs as well as the environment in which the local school resides	The leadership systematically collects and reviews data about community interests and needs as well as the environment in which the local school resides

Element C Does the leadership provide meaningful, formal and informal opportunities for families and community members to interact with the school?	The leadership does not provide formal or informal opportunities for families and community members to interact with the school	The leadership provides minimal meaningful, formal or informal opportunities for families and community members to interact with the school	The leadership provides meaningful, formal and informal opportunities for families and community members to interact with the school	The leadership provides numerous meaningful, formal and informal opportunities for families and community members to interact with the school
Element D How often does the leadership regularly share data through various family- friendly venues?	The leadership does not share data through various family -friendly venues	The leadership rarely shares data through various family -friendly venues	The leadership sometimes shares data through various family- friendly venues	The leadership regularly shares data through various family -friendly venues
Element E Does the leadership develop and use a wide variety of communication strategies to encourage collaboration among the diverse members of the community?	communication strategies_ to encourage collaboration among the diverse	The leadership develops and uses minimal communication strategies to encourage collaboration among the diverse members of the community	The leadership develops and uses some communication strategies to encourage collaboration among the diverse members of the community	The leadership develops and uses a wide variety of communication strategies to encourage collaboration among the diverse members of the community

Indicator 1.5 Our leadership implements a system of academic and fiscal accountability to ensure every student's success.

Output: High student academic achievement and growth indicate a strong integrated infrastructure supporting every student's success.

Rating	0	1	2	3
Element A Does the leadership effectively balance administrative tasks and instructional leadership responsibilities?	The leadership does not balance administrative tasks and instructional leadership responsibilities	The leadership attempts to balances administrative tasks and instructional leadership responsibilities	The leadership sometimes balances administrative tasks and instructional leadership responsibilities	The leadership effectively balances administrative tasks and instructional leadership responsibilities
Element B Does the principal maintain oversight of fiscal resources?	There is inadequate oversight of fiscal resources	The principal maintains oversight of fiscal resources, with no input	The principal maintains oversight of fiscal resources, with some input	The principal, with the leadership team, maintains oversight of fiscal resources
Element C Does the leadership team use a robust data-based decision-making process to evaluate school needs including sufficient time for staff input into the whole process?	The leadership team does not use a data- based decision- making process to evaluate needs of the school	Using a data-based decision-making process, the leadership team evaluates needs of the school without staff input	Using a data-based decision-making process, the leadership team evaluates needs of the school with some time for staff input into the whole process	Using a robust data- based decision-making process, the leadership team evaluates school needs and include sufficient time for staff input into the whole process

Data cycle documents

Principle 2 Effective Teachers and Instruction

Effective instruction occurs with quality teaching in a student-centered, safe environment where there are high expectations for all students to succeed. Teachers have a solid knowledge of the content they teach and a common understanding of the content standards and curricula. Effective teachers intentionally plan, emphasize evidence-based practices in their lessons, and utilize a balanced assessment system to make instructional decisions for all students.

Indicator 2.1 Our teachers maintain high academic, behavioral and social emotional learning expectations for all students.

Output: Students are self-sufficient learners within a safe, supportive, and collaborative environment.

Rating	0	1	2	3
Element A How many teachers' commitments and actions demonstrate high expectations for all learners?	Teachers' commitments and actions do not demonstrate high expectations for all learners	Few teachers' commitments and actions demonstrate high expectations for all learners	Some teachers' commitments and actions demonstrate high expectations for all learners	All teachers' commitments and actions demonstrate high expectations for all learners
Element B How many teachers establish goals and high expectations for all student learning in all content areas, including goals for closing achievement gaps, when applicable?	Teachers do not establish goals and high expectations for all student learning in all content areas, including goals for closing achievement gaps, when applicable.	Few teachers establish goals and high expectations for all student learning in all content areas, including goals for closing achievement gaps, when applicable.	Some teachers establish goals and high expectations for all student learning in all content areas, including goals for closing achievement gaps, when applicable.	All teachers establish goals and high expectations for all student learning in all content areas, including goals for closing achievement gaps, when applicable.

Indicator 2.2 Our teachers have shared knowledge of the content standards, curricula and social emotional learning practices.

Output: Every student receives the same guaranteed and viable curriculum, aligned to state standards.

Rating	0	1	2	3
Element A Is depth of knowledge evident in lessons?	Depth of knowledge of content areas is not evident	Knowledge of some content areas is evident	Some depth of knowledge of most content areas is evident	Depth of knowledge of all content areas is evident
Element B How much content aligns with the state standards?	Content does not align with the state standards	Very little content aligns with the state standards	Some content aligns with the state standards	Content aligns with the state standards
Element C How many grade level teams/content areas have a common understanding of the content standards and social emotional learning practices?	Grade level teams/content areas do not have a common understanding of the content standards and social emotional learning practices	Few grade level teams/content areas have a common understanding of the content standards and social emotional learning practices	Some grade level teams/content areas have a common understanding of the content standards and social emotional learning practices	All grade level teams/content areas have a common understanding of the content standards and social emotional learning practices
Element D Are curricula implemented with fidelity?	Curricula are not implemented with fidelity	Some curricula are implemented with loose fidelity	Some curricula are implemented with some fidelity	All curricula are implemented with complete fidelity

Indicator 2.3 Based on all available student data, teachers intentionally plan instruction that supports every student in meeting rigorous learning goals by differentiating instruction and implementing <u>Universal Design for Learning</u>.

Output: Students receive comprehensive lessons designed to meet the needs of all learners.

Rating	0	1	2	3
Element A Is instruction aligned with standards?	Most instruction does not align with standards	Limited instruction aligns with standards	Some instruction aligns with standards	All instruction aligns with standards
Element B Does lesson planning include learning goals, success criteria, and possible student misconceptions?	Lesson planning does not include learning goals, success criteria, or possible student misconceptions	Lesson planning includes learning goals only	Lesson planning includes learning goals, success criteria, but not possible student misconceptions	Lesson planning includes learning goals, success criteria, and possible student misconceptions
Element C Is understanding of student prior knowledge evident in planning?	Understanding of each student's cultural background and prior knowledge is not evident in planning	Little understanding of each student's cultural background and prior knowledge is evident in planning	Some understanding of each student's cultural background and prior knowledge is evident in planning	Understanding of each student's cultural background and prior knowledge is evident in planning
Element D Do teachers use Universal Design for Learning (UDL) in planning lessons (UDL is specifically stated in ESSA)?	Very few, if any, teachers use Universal Design for Learning (UDL) in planning lessons	Some teachers use Universal Design for Learning (UDL) in planning lessons	Most teachers use Universal Design for Learning (UDL) in planning lessons	All teachers use Universal Design for Learning (UDL) in planning lessons
Element E Is pacing appropriate for the group and all individual students?	Pacing is not appropriate for the group or individual students	Pacing is appropriate for some of the group but not for individual students	Pacing is appropriate for the group and some individual students	Pacing is appropriate for the group and all individual students

Indicator 2.4 Our teachers implement evidenced-based, rigorous and relevant instruction.

Output: Students are engaged in classrooms where they are encouraged to take responsibility for their own learning through effective instruction.

Rating	0	1	2	3
Element A Do students have access to grade level appropriate general education curriculum?	Few students have access to the general education curriculum (grade level appropriate)	Some students have access to the general education curriculum (grade level appropriate)	Most students have access to the general education curriculum (grade level appropriate)	All students have access to the general education curriculum (grade level appropriate)
Element B Is teaching for understanding by all students the primary outcome for all lessons?	Teaching for understanding is not the primary outcome for lessons	Teaching for understanding by most students is the primary outcome for some lessons	Teaching for understanding by all students is an outcome for most lessons	Teaching for understanding by all students is the primary outcome for all lessons
Element C Do teachers intentionally develop and utilize scaffolded questions at a variety of levels of depth of knowledge?	Teachers do not use questioning strategies	Teachers do not intentionally develop lesson questions, but ask some questions spontaneously	Teachers develop and utilize questions at a variety of levels of depth of knowledge	Teachers intentionally develop and utilize scaffolded questions at a variety of levels of depth of knowledge

Rating	0	1	2	3
Element D Do teachers employ a variety of student engagement strategies and best practices?	Teachers do not employ a variety of student engagement strategies and best practices	Few teachers employ a variety of student engagement strategies and best practices	Most teachers employ a variety of student engagement strategies and best practices	All teachers employ a variety of student engagement strategies and best practices
Element E Do teachers use evidence- based interventions, strategies, and routines?	Teachers do not use evidence-based interventions, strategies, and routines	Few teachers use evidence-based interventions, strategies, and routines	Most teachers use evidence-based interventions, strategies, and routines	All teachers use evidence- based interventions, strategies, and routines
Element F Do teachers consistently guide classroom discourse through providing students with multiple modes and opportunities to contribute, question, and explore content?	Teachers do not guide classroom discourse through providing students with multiple modes and opportunities to contribute, question, and explore content	Teachers rarely guide classroom discourse through providing students with multiple modes and opportunities to contribute, question, and explore content	Teachers sometimes guide classroom discourse through providing students with multiple modes and opportunities to contribute, question, and explore content	Teachers consistently guide classroom discourse through providing students with multiple modes and opportunities to contribute, question, and explore content
Element G How often do teachers provide opportunities for students to construct their knowledge including an allowance and support of productive struggle with new ideas? Element H Is collaboration valued and consistently evident	Teachers do not provide opportunities for students to construct their knowledge including an allowance and support of productive struggle with new ideas Collaboration is not valued and not evident between teacher to	Teachers provide minimal opportunities for students to construct their knowledge including an allowance and support of productive struggle with new ideas Collaboration is rarely evident between teacher to student and student to	Teachers provide a few opportunities for students to construct their knowledge including an allowance and support of productive struggle with new ideas Collaboration seems valued and sometimes evident between teacher	Teachers regularly provide opportunities for students to construct their knowledge including an allowance and support of productive struggle with new ideas Collaboration is valued and consistently evident between teacher to
between teacher to student and student to student?	student and student to student	student	to student and student to student	student and student to student

Rating	0	1	2	3
Element I Is a variety of grouping strategies used intentionally to meet the needs of all students?	Grouping strategies are not used intentionally to meet the needs of all students	Very limited grouping strategies are used intentionally to meet the needs of all students	Some grouping strategies are used intentionally to meet the needs of all students	A variety of grouping strategies are used intentionally to meet the needs of all students
Element J Is feedback to students is specific and actionable?	Feedback to students is not specific or actionable	Feedback to students is specific but never actionable	Feedback to students is specific but not always actionable	Feedback to students is specific and actionable
Element K Is there coherence across all content areas with value placed on real-world applications and experience?	There is no coherence across content areas and no value placed on real-world applications and experience	Limited coherence across content areas and little value is placed on real- world applications and experience	Some coherence across content areas with some value placed on real-world applications and experience	Coherence across all content areas and with value placed on realworld applications and experience

Indicator 2.5 Our teachers have a strong understanding of types of assessment.

Output: Students and teachers collaboratively utilize assessment data to plan, drive, and evaluate student learning outcomes

Rating	0	1	2	3
Element A	A balance of assessment	Few teachers understand	Some teachers	All teachers understand
Do teachers understand	types is not understood	and implement a balance	understand and	and implement a balance
and implement a balance	and implemented	of assessment types	implement a balance of	of assessment types
of assessment types?			assessment types	
Element B	Formative assessment or	Formative assessment or	Formative assessment or	Formative assessment or
Are formative assessments	assessment for learning is	assessment for learning is	assessment for learning is	assessment for learning is
or assessments for learning	not part of instruction	infrequently part of	a limited part of	an essential part of
an essential part of		instruction	instruction	instruction
instruction?

individual student progress	benchmark assessments	between benchmark	between benchmark	between benchmark
between benchmark		assessments	assessments	assessments
assessments?				

Rating	0	1	2	3
Element E How many teachers use evidence of learning (both qualitative and quantitative data) to determine the next instructional steps and provide actionable feedback to student?	Teachers do not use evidence of learning (both qualitative and quantitative data) to determine the next instructional steps	Few teachers use evidence of learning (both qualitative and quantitative data) to determine the next instructional steps and provide actionable feedback to student	Some teachers use evidence of learning (both qualitative and quantitative data) to determine the next instructional steps and provide actionable feedback to student	All teachers use evidence of learning (both qualitative and quantitative data) to determine the next instructional steps and provide actionable feedback to student
Element F Are classroom summative assessment, regularly scheduled interim/ benchmark assessment and state assessment data used appropriately?	Classroom summative assessment, interim/benchmark assessment and state assessment data are not used	Planned classroom summative assessment and state assessment data are used; no benchmarks or interims are given	Planned classroom summative assessment, regularly scheduled interim/benchmark assessment and state assessment data are not always used	Planned classroom summative assessment, regularly scheduled interim/benchmark assessment and state assessment data are used appropriately
Element G What access to timely, user- friendly, data reports, which include item-level analysis, standards-level analysis and subgroup achievement do your educators have?	All educators do not have access to timely user-friendly data reports, which include item-level analysis, standards-level analysis, and subgroup achievement	All educators have access to data reports, but may not be timely or user-friendly and may not include item-level analysis, standards-level analysis, and subgroup achievement	All educators have access to user-friendly data reports, which include item-level analysis, standards-level analysis, and subgroup achievement but there is a lag time	All educators have access to timely, user-friendly data reports, which include item-level analysis, standards-level analysis, and subgroup achievement

Rating	0	1	2	3
Element H Are diagnostics and screeners available and used appropriately?	Diagnostics and screeners are not available and used appropriately	Diagnostics and screeners are available but not used at all	Diagnostics and screeners are available and but not used on a regular basis	Diagnostics and screeners are available and used appropriately
Element I Is data used for federal and state accountability precisely defined and understood?	Data used for federal and state accountability is not precisely defined or understood	Data used for federal and state accountability is loosely defined and understood	Data used for federal and state accountability is generally defined and understood	Data used for federal and state accountability is precisely defined and understood

Indicator 2.6 Our teachers and appropriate other staff participate in ongoing, applicable professional learning opportunities.

Output: Student achievement and growth increase due to teachers/staff actively engaged in differentiated professional learning.

Rating	0	1	2	3
Element A Are professional learning opportunities for staff on content knowledge, standards and lesson planning consistently embedded, varied, aligned to needs and differentiated?	The professional learning opportunities for staff on these topics does not exist	The professional learning opportunities for staff on these topics are limited and/or not based on need	The professional learning opportunities for staff on these topics are frequent and aligned to needs	The professional learning opportunities for staff on these topics are consistently embedded, varied, aligned to needs and differentiated
Element B Are professional learning opportunities offered in evidence based instructional practice? (i.e., pedagogy, engagement strategies, UDL, classroom management)		The professional learning opportunities for staff on these topics are limited and/or not based on need	The professional learning opportunities for staff on these topics are frequent and aligned to needs	The professional learning opportunities for staff on these topics are consistently embedded, varied, aligned to needs and differentiated
Element C Are professional learning opportunities offered in assessment and data use?	The professional learning opportunities for staff on these topics does not exist	The professional learning opportunities for staff on these topics are limited and/or not based on need	The professional learning opportunities for staff on these topics are frequent and aligned to needs	The professional learning opportunities for staff on these topics are consistently embedded, varied, aligned to needs and differentiated

Element D Are professional learning opportunities offered in collaboration and professional learning communities?	The professional learning opportunities for staff on these topics does not exist	The professional learning opportunities for staff on these topics are limited and/or not based on need	The professional learning opportunities for staff on these topics are frequent and aligned to needs	The professional learning opportunities for staff on these topics are consistently embedded, varied, aligned to needs and differentiated
Element E Are professional learning opportunities offered in social emotional learning, trauma sensitive, and culturally relevant practices?	The professional learning opportunities for staff on these topics does not exist	The professional learning opportunities for staff on these topics are limited and/or not based on need	The professional learning opportunities for staff on these topics are frequent and aligned to needs	The professional learning opportunities for staff on these topics are consistently embedded, varied, aligned to needs and differentiated

Indicator 2.7 Our teachers collaborate with other teachers, administrators, families, and education professionals to ensure the success of all students.

Output: Students excel within a collaborative educational community which focuses on the holistic student

Rating	0	1	2	3
Element A Are professional learning communities regularly scheduled, and do they focus on increasing student learning?	Professional learning communities are not scheduled or do not focus on increasing student learning	Professional learning communities are scheduled but do not focus on increasing student learning	Professional learning communities are scheduled sporadically and focus on increasing student learning	Professional learning communities are regularly scheduled and focus on increasing student learning
Element B How often is articulation, across content areas and grade levels, scheduled?	Articulation, across content areas and grade levels, is not scheduled	Articulation, across content areas and grade levels, occurs infrequently	Articulation, across content areas and grade levels, is scheduled but doesn't always occur regularly	Articulation, across content areas and grade levels, is scheduled and occurs regularly
Element C Do educators understand our framework for collecting, storing, accessing, and disseminating district, school, and student-level data?	Staff members do not understand our framework for collecting, storing, accessing, and disseminating district, school and student-level data	Few staff members understand our framework for collecting, storing, accessing, and disseminating district, school, and student-level data	Some staff members understand our framework for collecting, storing, accessing, and disseminating district, school, and student-level data	All staff members understand our framework for collecting, storing, accessing, and disseminating district, school, and student-level data

Rating	0	1	2	3
Element D	Educators do not access,	Educators infrequently	Educators sporadically	Educators continuously
Do educators continuously	interpret, analyze, act	access, interpret, analyze,	access, interpret, analyze,	access, interpret, analyze,
access, interpret, analyze,	upon, and communicate	act upon, and communicate	act upon, and	act upon, and communicate

Principle 2 Effective Teachers and Instruction Data/Evidence
2.1
Classroom policies and procedures
Student surveys/Student interviews
Teacher lesson plans
Student work samples and goal setting documents
2.2
PLC team minutes/agendas
Classroom observations
Teacher lesson plans

Informal student assessment information
Curriculum mapping and/or pacing guides
Classroom behavior data
2.3
Formal and informal student assessment information analyzed
Teacher lesson plans
UDL framework
Classroom observations
Evidence of differentiate instruction
Grade level or content meeting minutes
Evidence of classroom level RTI
2.4
Classroom observations
Evidence of differentiated instruction
Evidence of classroom level RTI
Teacher lesson plans
Flexible student groupings evident
Continuum of service options for special populations (SPED, EL, etc.)
Classroom policies and procedures
 Student surveys/Student interviews
Student data portfolios/Student data evident in classroom

PLC team minutes/agendas
Curriculum mapping
Progress reports
Parent Meetings
2.5
Evidence of user-friendly data provided to teachers
Teacher lesson plans
Classroom observations
Evidence of RTI and/or referral process
PLC team minutes/agendas
Assessment plan implemented
Assessment system for instructional purposes
Student surveys/Student interviews
Student data evident in classroom/Student data portfolios
2.6
PLC team minutes/agendas
Job embedded professional learning
Teachers seek professional development
Teachers engaged in professional learning
Teachers plan professional learning opportunities

2.7
Evidence of user-friendly data provided to teachers
PLC team minutes/agendas
Classroom observations and lesson plans
Curriculum mapping
Coaching/mentoring for teachers evident
Teachers provided regular assessment data and training on analysis
Teachers provide regular feedback to admin/team regarding data use and needs
Data use framework embedded in teacher instruction and planning
Regular parent communication from teacher (communication log, newsletter, email blasts, etc.)
Professional development offerings include data use and communication results
Assessment plan implemented

Principle 3 Effective Organization of Time

Effective schools organize their time to support the vision of academic success for all students. Students have appropriate instructional and non-instructional time to support their learning and growth. Teachers have sufficient time to engage in professional learning, collaboration, and planning to support their students and their professional practice.

Indicator 3.1 Our school year/calendar is organized to maximize instruction.

Output: Student achievement and growth increase as students participate in a variety of intervention and enrichment programs.

Rating	0	1	2	3
Element A Does the school offer well- rounded intervention and enrichment summer programs?	The school does not offer summer programs	The school offers summer programs for intervention or enrichment	The school offers summer programs for both intervention and enrichment	The school offers well- rounded intervention and enrichment summer programs that are well planned, targeted, evidence- based; with an evaluation component
Element B Does the school offer well- rounded intersession programs for both intervention and enrichment?	School does not have intersessions	The school does not offer intersession programs	The school offers intersession programs for intervention or enrichment	The school offers well- rounded intersession programs for both intervention and enrichment

Indicator 3.2 Our school day is organized to maximize well-rounded instruction.

Output: Students are engaged in a comprehensive instructional program supported by effective and efficient use of time.

Rating	0	1	2	3
Element A Does the master schedule reflect the mission, vision and core values of the school?	Master schedule does not reflect the mission, vision and core values of the school.	Master schedule somewhat reflects the mission, vision and core values of the school.	Master schedule mostly reflects the components of the mission, vision and core values of the school.	Master schedule reflects the mission, vision and core values of the school.
Element B Do classroom daily schedules optimize instructional time in all content areas?	Classroom daily schedules vary throughout the school with no consistency or do not consistently optimize instructional time	Classroom daily schedules optimize instructional time for ELA and MATH only	Classroom daily schedules optimize instructional time in some content areas	Classroom daily schedules optimize instructional time in all content areas
Element C Does the scheduling meet requirements for all subgroups?	Subgroup populations are not considered when schedules are developed	Scheduling does not meet requirements for a few subgroup populations	Scheduling meets requirements for some subgroup populations	Scheduling meets requirements for all subgroup populations
Element D Do schedules permit for daily evidence-based tiered academic, behavioral and social emotional interventions and enrichment?	Schedules do not permit for evidence-based interventions and/or enrichment	Schedules permit for evidence-based interventions or enrichment, but not both	Schedules permit for evidence-based interventions and enrichment, but not daily	Schedules permit for daily evidence-based interventions and enrichment

Element E	The school has not yet	The school has dedicated	The school has dedicated	The school has dedicated
Does the school have	dedicated time for	time during the school day	time during the school day	time during the school day
dedicated time during the	students to learn about,	for some students to learn	for all students to learn	for all students to learn
school day for all students to	reflect on, and discuss SEL	about, reflect on, and	about, reflect on, and	about, reflect on, and
learn about, reflect on, and	competencies through	discuss SEL competencies	discuss SEL competencies	discuss SEL competencies
discuss SEL competencies	developmentally	through developmentally	through developmentally	through developmentally
through developmentally	appropriate and culturally	appropriate and culturally	appropriate and culturally	appropriate and culturally
appropriate and culturally	responsive instruction	responsive instruction.	responsive instruction.	responsive instruction, and
responsive instruction?				SEL instruction is connected
				to other opportunities for
				practicing and reflecting on
				SEL competencies
				throughout the day

Indicator 3.3 Our school day is organized to ensure sufficient time for non-instructional activities for students and staff.

Output: Students are engaged in non-instructional programs that offer cognitive, social, emotional, and physical benefits.

Rating	0	1	2	3
Element A Are there daily, regularly scheduled, safe and well supervised recesses offering cognitive, social, emotional, and physical benefits?	There are no daily recesses	Recesses are scheduled but are not always well- supervised	Safe and well-supervised recesses that offer cognitive, social, emotional, and physical benefits are scheduled daily, but schedule is not always followed	Daily, regularly scheduled, safe and well-supervised recesses offer cognitive, social, emotional, and physical benefits
Element B Is lunchtime scheduled so that students have plenty of time to leisurely eat adequate amounts of food to meet their nutritional needs?	Students have insufficient time to eat (less than 10 minutes)	Students have minimal time to eat	Students have time to eat adequate amounts of food to meet their nutritional needs	Students have plenty of time to leisurely eat adequate amounts of food to meet their nutritional needs
Element C Are co-curricular activities available for all students?	Co-curricular activities are not available	Very limited co- curricular activities are available for some students	Limited co-curricular activities are available for all students	A large variety of co- curricular activities are available for all students

Indicator 3.4 Our professional (contract) day is structured to support professional learning for all teachers and staff.

Output: Student attitudes reflect an understanding of a shared culture of life-long learning.

Rating	0	1	2	3
Element A Does professional learning include job-embedded opportunities? Element B Does scheduling provide time for professional learning?	Professional learning does not include job- embedded opportunities Scheduling is not used to provide time for professional learning	Professional learning includes few job-embedded opportunities Not applicable	Professional learning includes some jobembedded opportunities Not applicable	Professional learning includes many jobembedded opportunities Scheduling is used to provide time for professional learning
Element C Are opportunities provided for staff to support their ongoing development and recertification requirements?	Opportunities are not provided for staff to support their ongoing development and recertification requirements.	Not applicable	Not applicable	Opportunities are provided for staff to support their ongoing development and recertification requirements.
Element D Are opportunities provided for peer to peer observation and feedback and other collaboration?	Opportunities are not provided for peer to peer observation and feedback and other collaboration	Few opportunities are provided for peer to peer observation and feedback and other collaboration	Some opportunities are provided for peer to peer observation and feedback and other collaboration	Many opportunities are provided for peer to peer observation and feedback and other collaboration

Indicator 3.5 Our professional (contract) day is organized to provide appropriate planning and preparation time as well as collaboration opportunities for all teachers, staff, and administrators to ensure continuous improvement.

Output: Students engage in cohesive, effectively planned and well-articulated instructional programs across content and grade levels.

Rating	0	1	2	3
Element A Is there time reserved for Professional Learning Communities (PLCs) and data reflection through grade level/subject area common prep time?	Time is not reserved for Professional Learning Communities (PLCs) and data reflection through grade level/subject area common prep time	There is time reserved for monthly Professional Learning Communities (PLCs) and data reflection through grade level/subject area common prep time	There is time reserved for biweekly Professional Learning Communities (PLCs) and data reflection through grade level/subject area common prep time	There is time reserved for weekly Professional Learning Communities (PLCs) and data reflection through grade level/subject area common prep time
Element B Do regularly scheduled opportunities exist for grade level/content articulation and across discipline teams to analyze data for consistent student growth?	Scheduled opportunities do not exist for grade level/content articulation and across discipline teams to analyze data for consistent student growth	Few scheduled opportunities exist for grade level/content articulation and across discipline teams to analyze data for consistent student growth	Some scheduled opportunities exist for grade level/content articulation and across discipline teams to analyze data for consistent student growth	Regularly scheduled opportunities exist for grade level/content articulation and across discipline teams to analyze data for consistent student growth
Element C Does leadership support and ensure release time for teachers to participate in IEP meetings and needed planning to support diverse learners?	Leadership does not support appropriate, adequate release time for teachers to participate in IEP meetings and needed planning to support diverse learners	Leadership supports but does not ensure appropriate, adequate release time for teachers to participate in IEP meetings and needed planning to support diverse learners	Leadership supports and ensures some release time for teachers to participate in IEP meetings and needed planning to support diverse learners; but time is insufficient	Leadership supports and ensures appropriate, adequate release time for teachers to participate in IEP meetings and needed planning to support diverse learners

Principle 3	-Effective Organization of Time Data/Evidence
3.1	
Planning m	neeting minutes
School Cale	endar endar
Overview c	of Summer program enrichment and intervention offerings

Principle 4 Effective Curriculum

Effective curricula are evidence-based resources used for teaching and learning aligned to Arizona standards in all content areas. Districts and schools adopt local curricula. An effective curriculum ensures a continuum of inclusive, equitable and challenging learning opportunities, high expectations for learning and access to a well-rounded education for all learners.

Indicator 4.1 Our written curricula provide access to a well-rounded education that fully maximizes the potential of the education for all students.

Output: Students are engaged in a variety of disciplines resulting in a well-rounded education

Rating	0	1	2	3
Element A Do all students have access to a well-rounded education including a wide variety of disciplines including physical education/health, music, the arts, world languages, social studies, environmental education, computer science and civics?	Students do not have access to a wide variety of disciplines	Most students have access to a variety of disciplines – including some of the following: physical education/health, music, the arts, world languages, social studies, environmental education, computer science and civics	All students have access to a variety of disciplines—including most but not all of the following: physical education/health, music, the arts, world languages, social studies, environmental education, computer science and civics	All students have access to a well-rounded education including a wide variety of disciplines – including physical education/health, music, the arts, world languages, social studies, environmental education, computer science and civics
Element B Do students have access to a school media center?	Students do not have access to a school media center	Most students have access to a school media center staffed by a certified librarian	All students have access to a school media center, but not staffed by a certified librarian	All students have access to a school media center staffed by a certified librarian

Element C	Students do not have access	Some students have access	All students have access to	All students have access
Do all students have access	to appropriate technology	to appropriate technology	appropriate technology	to appropriate technology
to appropriate technology resources either through a 1:1 program or through embedded classroom	resources	resources,	resources; however, those resources are shared via computer labs, computer carts or personal	resources either through a 1:1 program or through embedded classroom technology
technology?			technology devices	3,
Element D Do students have access to comprehensive digital citizenship instruction and supports with instruction based in an effective curriculum that results in digital safety and media literacy?	Students do not have access to instruction and support for digital citizenship.	Some students have access to digital citizenship instruction and supports.	All students have access to digital citizenship instruction and supports; however, the instruction is not based on ensuring digital safety and media literacy.	All students have access to comprehensive digital citizenship instruction and supports with instruction based in an effective curriculum that results in digital safety and media literacy.

Indicator 4.2 Our written curricula align with the AZ State Standards and English Language Proficiency Standards, when appropriate, for all content areas.

Output: Students have access to evidence-based curriculum and materials aligned to AZ State Standards.

Rating	0	1	2	3
Element A Does curricula align with the appropriate grade level and content standards?	Curricula does not align with the appropriate grade level and content standards	Curricula align with the appropriate grade level or content standards, but not always both	Curricula mostly align with the appropriate grade level and content standards	Curricula align with the appropriate grade level and content standards
Element B Is there a current curriculum adoption process and a revision cycle in place that are consistently followed for all content areas?	Curriculum adoption process_is not current	Curriculum adoption process is current, and a revision cycle is in place only for Math and ELA	Curriculum adoption process is current, but revision cycle is not always followed for all content areas	Curriculum adoption process is current, and a revision cycle is both in place and consistently followed for all content areas

Indicator 4.3 Our written curricula are evidence-based, address diverse learner needs and promote a proper balance of depth of knowledge levels.

Output: Students are engaged in evidence-based curricula, addressing diverse learner needs (student, teacher, and parent) that promotes a proper balance of cognitive knowledge levels.

Rating	0	1	2	3
Element A Do pacing guides provide flexibility based on diverse learner needs?	We do not have pacing guides	Pacing guides do not provide any flexibility	Pacing guides provide some flexibility based on diverse learner needs	Pacing guides provide flexibility based on diverse learner needs
Element B Do content learning progressions reflect an appropriate scope and sequence with coherence including vertical and horizontal alignment?	Content learning progressions do not reflect an appropriate scope and sequence	Content learning progressions reflect a scope and sequence with questionable coherence and little vertical and horizontal alignment	Content learning progressions reflect an appropriate scope and sequence with some coherence including some vertical and horizontal alignment	Content learning progressions reflect an appropriate scope and sequence with coherence including vertical and horizontal alignment
Element C Is a proper balance of depth of knowledge frequently evident?	A proper balance of depth of knowledge is not evident	A proper balance of depth of knowledge is rarely evident	A proper balance of depth of knowledge is sometimes evident	A proper balance of depth of knowledge is frequently evident
Element D Do curricula address the academic and social emotional needs of teachers, students and parents?	Curricula do not address the academic and social emotional needs of teachers, students, and families	Curricula rarely address the academic and social emotional needs of teachers, students, and families	Curricula mostly address the academic and social emotional needs of teachers, students, and families	Curricula address the academic and social emotional needs of teachers, students and families

Element E Does the school implement evidence-based curricular materials that meet one of the four tiers of evidence under the ESSA guidelines?	Curricular materials vary throughout the school with no consistency and do not align to one of the four tiers of evidence.	Curricular materials are evidence-based for ELA or MATH only and meet one of the four tiers of evidence.	Curricular materials are evidence-based for ELA and MATH only and meet one of the four tiers of evidence.	Curricular materials are evidence-based in all content areas and meet one of the four tiers of evidence.
Element F Is evidence of a strong value for diversity, inclusion and equity easily apparent throughout the curricula? Do curricular change efforts integrate a value for diversity, inclusion and equity as an informing influence?	inclusiveness.	The curriculum is only minimally related to diversity and inclusiveness. Efforts to change the curriculum do not explicitly acknowledge the importance of diversity, inclusion and equity as an asset to innovative curricular practice.	The current curriculum reflects a value for diversity, inclusion and equity in certain areas and not in others. Curricular change efforts acknowledge the importance of diversity, inclusion and equity but not consistently	Evidence of a strong value for diversity, inclusion and equity is easily apparent throughout the curricula. Curricular change efforts integrate a value for diversity, inclusion and equity as an informing influence.

Indicator 4.4 Our written curricula are accessible for all learners and include culturally relevant academic, behavioral and social emotional learning components that meet the needs of the whole child.

Output: Students are engaged in evidence-based curricula, addressing diverse learner needs (student, teacher, and parent) that promote a proper balance of cognitive knowledge levels.

Rating	0	1	2	3
Element A Do the curricula include consistent opportunities for extension and remediation within all disciplines?	Curricula do not include opportunities for extension and remediation within any disciplines	Curricula include few opportunities for extension and remediation within ELA or Math	Curricula include some opportunities for extension and remediation within ELA and Math only	Curricula include consistent opportunities for extension and remediation within all disciplines
Element B Do the curricula consider diverse learners and subgroup populations? Principle 5 Conditions, Climate and Culture

Inclusive schools are conducive to student learning, fulfillment and well-being, as well as professional satisfaction, morale and effectiveness. Students, parents, teachers, administrators and other stakeholders contribute to their school's culture, as do other influences such as the local community, the policies that govern how it operates and the school's founding principles. School conditions, climate and culture are impacted by the beliefs, perceptions, relationships, attitudes and written and unwritten rules that shape and influence every aspect of how a school functions. They also encompass concrete issues such as student physical and emotional safety, a healthy school environment, the orderliness of classrooms and public spaces and the degree to which a school embraces and celebrates racial, ethnic, linguistic, academic and cultural diversity and ensures equity.

Indicator 5.1 Our staff has high expectations for learning for all students.

Output: Students view themselves as integral members of an inclusive school community which increases student efficacy.

Rating	0	1	2	3
Element A Are inclusive beliefs and practices evident and part of the school culture?	Inclusive beliefs and practices are not evident in classroom instruction, data reflection or the school culture	Inclusive beliefs and practices are evident in some classroom instruction and data reflection but not a part of the whole school culture	Inclusive beliefs and practices are evident in most classroom instruction, data reflection and the school culture	Inclusive beliefs and practices are evident in all classroom instruction, data reflection and the school culture
Element B Does staff engage in the development and understanding of policies/procedures and plans that explicitly outline continuous improvement and high expectations for learning for all students?	The staff does not engage in the development and understanding of policies/procedures and plans that outline continuous improvement and high expectations for learning for all students	Some staff engage in the development and understanding of policies/procedures and plans that vaguely outline continuous improvement and high expectations for learning for all students	Most staff engage in the development and understanding of policies/procedures and plans that generally outline continuous improvement and high expectations for learning for all students	All staff engage in the development and understanding of policies/procedures and plans that explicitly outline continuous improvement and high expectations for learning for all students.

Indicator 5.2 Our staff creates an environment which builds mutual respect among leadership, teachers, students and families.

Output: Student success thrives in an environment built on trust, communication, and mutual respect.

Rating	0	1	2	3
Element A Do staff intentionally foster trusting interpersonal relationships with students and families?	Staff do not intentionally foster trusting interpersonal relationships with students and families	Few staff intentionally foster trusting interpersonal relationships with students and families	Some staff intentionally foster trusting interpersonal relationships with students and families	All staff intentionally foster trusting interpersonal relationships with students and families
Element B Do teachers use inclusive, relationship-centered, and culturally responsive practices to create supportive classroom environments; using strategies that are developmentally appropriate and focus on creating a community of learners that supports, honors, and acknowledges the cultural assets, contributions, and needs of all students?	Teachers have not yet prioritized the use of inclusive, relationshipcentered, and culturally responsive practices to create supportive classroom environments.	Teachers have prioritized and planned to build inclusive, relationshipcentered, and culturally responsive practices to create supportive classroom environments.	Some teachers use inclusive, relationship-centered, and culturally responsive practices to create supportive classroom environments. Strategies are developmentally appropriate and focus on meeting the needs of all students.	All teachers use inclusive, relationship-centered, and culturally responsive practices to create supportive classroom environments. Strategies are developmentally appropriate and focus on creating a community of learners that supports, honors, and acknowledges the cultural assets, contributions, and needs of all students.

Rating	0	1	2	3
Element C Does staff honor and elevate a broad range of student perspectives and experiences by engaging them as leaders, problem solvers and decision- makers, offering ways for students to shape SEL initiatives, instructional practices, and school climate; including students regularly initiating and leading activities, solutions, and projects to improve their classrooms, school and the broader community?	Students do not yet have opportunities to take on leadership and decisionmaking roles.	Some students have opportunities to take on more traditional leadership roles such as student council, patrols, or leading morning announcements	Students are offered many opportunities to take on leadership and decision-making roles that inform SEL initiatives, instructional practices, and school climate. Students have opportunities to lead activities, solutions, and projects to improve their classrooms, school and the broader community.	Staff honor and elevate a broad range of student perspectives and experiences by engaging them as leaders, problem solvers and decisionmakers, offering ways for students to shape SEL initiatives, instructional practices, and school climate. Students regularly initiate and lead activities, solutions, and projects to improve their classrooms, school and the broader community.

Principle 6 Family and Community Engagement

Family and Community Engagement is an essential component of improving outcomes for children and youth. Effective family and community engagement is a reciprocal partnership among families, communities and schools that reflects a shared responsibility to foster children's development and learning.

Indicator 6.1 Our school creates and maintains collaborative partnerships among families, communities and school to support student learning.

Output: Achievement increases when students are immersed in a strong partnership built among all school and community members.

Rating	0	1	2	3
Element A Are families welcomed in the school and involved as volunteers to support students and school programs?	Families are not welcome in the school and/or not involved as volunteers to support students and school programs	Families are tacitly welcome in the school and sometimes are involved as volunteers to support students and school programs	Families are welcome in the school and involved as volunteers to support students and school programs	Families are warmly and actively welcomed in the school and involved as volunteers to support students and school programs
Element B Are there meaningful opportunities for engagement with families and community to participate in school activities?	Meaningful opportunities for engagement do not exist for families and community to participate in school activities	Few meaningful opportunities for engagement exist with families and community to participate in school activities	Some meaningful opportunities for engagement exist with families and community to participate in school activities	Many meaningful opportunities for engagement exist with families and community to participate in school activities

Element F Are positive and goal- oriented relationships that encourage family involvement to heighten student well-rounded academic achievement and social emotional development intentionally nurtured?	Positive and goal- oriented relationships that encourage family involvement to heighten student achievement and social emotional development are not intentionally nurtured	A few positive and goal- oriented relationships that encourage family involvement to heighten student achievement and social emotional development are intentionally nurtured	Some positive and goal- oriented relationships that encourage family involvement to heighten student achievement and social emotional development are intentionally nurtured	Positive and goal- oriented relationships that encourage family involvement to heighten student achievement and social emotional development are intentionally nurtured

Indicator 6.2 Our school engages in ongoing, meaningful and inclusive communication among families, communities, and school.

Output: Students' educational opportunities are extended beyond school environment/setting through linguistically and culturally accessible communication with communities and families.

Rating	0	1	2	3
Element A Does the school establish lines of communication among all educational stakeholders, including families and community members and organizations?	School does not establish lines of communication among non-educational stakeholders, including families, community members and organizations	School establishes lines of communication among few educational stakeholders, including families, community members and organizations	School establishes lines of communication among some educational stakeholders, including families, community members and organizations	School establishes lines of communication among all educational stakeholders, including families, community members and organizations
Element B Is there regular communication between home and school, in a language and method families can understand, and is it regular, two-way and meaningful?	Communication between home and school is in English only or there is no communication	Communication between home and school, in a language and method families can understand, is one way only	Communication between home and school, in a language and method families can understand, is sporadic, two-way and meaningful	Communication between home and school, in a language and method families can understand, is regular, two-way and meaningful
Element C Is there effective communication from school-to-home and home-to-school about school programs and student progress?	Effective communication from school-to-home and home-to-school about school programs and student progress is not conducted	Effective communication from school-to-home and home-to-school about school programs and student progress is conducted infrequently	Effective communication from school-to-home and home-to-school about school programs and student progress is conducted sporadically	Effective communication from school-to-home and home-to-school about school programs and student progress is regularly conducted

Element D Does the school communicate methods for becoming an effective advocate for children and their education?	School does not communicate methods for becoming an effective advocate for children and their education	Not applicable	Not applicable	School communicates methods for becoming an effective advocate for children and their education
Element E Are communication strategies culturally, demographically and linguistically appropriate?	Communication strategies are not culturally, demographically and linguistically appropriate.	Communication strategies are rarely culturally or demographically or linguistically appropriate, but not consistently all three	Communication strategies are sometimes culturally, demographically and linguistically appropriate.	Communication strategies are always culturally, demographically and linguistically appropriate.

Indicator 6.3 Our school engages families in critical data-informed decisions that impact student learning.

Output: Students know that families and other educational stakeholders share an invested interest in data-based decisions guiding their education path to college and career readiness through consistent communication.
