In accordance with the JOM Modernization Act, BIE will begin calculating the annual JOM distribution based upon the actual count of eligible JOM students reported from each JOM contractor (tribe/school) from the previous school year. Therefore, beginning with the SY 2022-23 Student Count reporting period, existing JOM contractors are encouraged to report all JOM eligible students attending their schools, as the SY 2022-23 student count will determine the SY 2023-24 JOM distribution. The SY 2022-23 Student Count Form is attached.

Additionally, BIE has set the SY 2022-2023 JOM Student Count week for **MONDAY, OCTOBER 10 – FRIDAY, OCTOBER 14, 2022**. Any JOM eligible student who attends a minimum of one (1) instructional day during that week may be counted for SY 2022-23. To avoid confusion during this first year, the deadline date for submission of the SY 2022-23 Student Count Form will remain June 1, 2023.

BIE Clarification:

- Tribe contractor can use earlier count week if prescribed by Tribe.
- LEAs not in session 10/10 - 10/14, use 10/3-10/7
- As long as students are eligible, have an application, and **enrolled** in the school they can be counted.

BIE
Memorandum

September 2022

**ADE will use enrollment
vs attendance for count**
