Cycle 4 Monitoring Training

All ADE staff is super helpful. Shout out to our Program Specialist, Belinda and Keri. They definitely go beyond to help!!! We are lucky to have them as our Specialists. I would also include Gina and Teresa-ESSER gang!!!

The information was really helpful. The presentation was reassuring and felt like it wouldn't be looking for what we are doing wrong, but what we are doing correctly.

Is the well rounded access report ready now. We have cycle 4 next week

Thanks to Cheryl and Henry for addressing my questions! Much appreciated ❤️

Very Helpful to prepare!

Fiscal 23 ESEA Consolidated Enhancements & Opportunities

Title IV

This is a very interesting opportunity. Thank you

Good information

Thank you, for the information.

Stronger Connections

Will 5% lowest schools be seen negatively?

Might race/ethnicity and poverty percentages be considered in the "high needs" definition?

Awesome heads up!

Great heads up for this new opportunity. It will be exciting to learn more as things develop over the coming months. I also think crime rates in the community schools/districts serve might be something to look at as a needs criteria.

Program Evaluation

I appreciated all the information.

Schools are improving with all the strategic planning and efforts of ADE. Thanks!

Drilling Down into Root Cause Analysis

Equitable Services

Padlet

Thank you for putting the Padlet Link in at the beginning so we can post thoughts as they occur

Status in EMAC

Is there a status to indicate ADE has seen completed tasks and approved them as meeting requirements?

Learned to download the observation tool for Programmatic Monitoring & Evaluation

In the grant application, LEAs can set aside funds for administrative services to provide consultation and management for the private school. This sessions informed us that LEAs are responsible for additional monitoring and reporting. What is a fair rate that LEAs claim for providing these types of administrative services to private schools?

Comparability

NEW Strengthening Connections Grant

Could Community School programs be considered as an option of this new grant. We've had recent success with their work and it streamlines getting the comprehensive support into our schools.

Will 5% lowest school ratings be seen negatively?

Could high mobility be considered as a high need factor?
