

General Session - Stakeholder Feedback

As a COP member, please provide feedback in relation to the general session to inform and guide ADE on the application of ESSA.

ANGIE MADSEN SEP 06, 2022 04:50PM

Welcome

I appreciated getting to put faces to name and appreciate the information!

Thank you! We have an incredible ESE team! – ANGIE MADSEN

The COP meetings are very helpful. Very positive presentations.

Allocations & Poverty Count

Handouts

I would have liked to been able to print up everything that is being taught so I could make a note right on it. I might have missed the link, but being in this only 2 months, that would have been helpful! Good info!

Good idea. We will do that in the future. General session resources will be posted on the website. – ANGIE MADSEN

I agree. I would have liked to have the PPTs all presenters are using provided in advance, so that I could have printed the PPTs and made notes directly on them. It would have been much more effective.

To clarify, we must have our NSLP staff enter poverty data received from the FR applications into our SIS system by January 18, 2023. Is this correct?

Correct, the deadline is January 18, 2023 for SY23 poverty indicators and Oct 1 enrollment data to be entered into your Student Information System (SIS) and pushed to AzEDS. There are 3 sources of poverty data: Free and Reduced Lunch applications, Income Eligibility forms, and Direct Certification. – ANONYMOUS

*ESEA Poverty Guidance Memo - FY23 Update

Are we receiving this PowerPoint after the completion?

Yes, we will post general session resources on the website.
– ANGIE MADSEN

This information is very useful for understanding allocations

School Improvement

Is a TSI only Title I or any school?

Any school site can be identified as a Targeted Support and Improvement school. ESSA requires "more rigorous interventions" for the identified schools. – ANGIE MADSEN

This information is critical for CSI.

Policy

Is it possible to get a copy of the policy slide presentations? Great info!

This has been uploaded to the site. Thank you! – ANONYMOUS

Great information, Thank you as always!

The ESSER grants have many requirements and this presentation was useful

Closing Remarks

Thank you again for all the information. I have learned so much in a short amount of time. I truly look forward to reviewing these PowerPoints later!

I continue to appreciate these sessions in implementing the school's ESSA and ESSER grants.
