Is the Student reported enrolled at the site on the date of the reported action?

Troubleshooting:

- Validate Student, School Site, and Action Dates using the DISC10 report in the AzEDS Portal.
- Validate Student, School Site, and Enrollment Dates using the STUD10 report in the AzEDS Portal.
- Ensure the action dates are within a matching student enrollment at that site.
 - Note: Expulsion Actions must have a begin and end date of the same date and match the exit date of the student with a W3 (expelled) exit code.
- Once corrected, allow integrity to run overnight to see if student is passing on the INTEG15 report.
