

ARIZONA EL TEACHER OF THE YEAR

RACHEL CULVER

3-6 ELD Teacher
Humboldt Unified
School District

"Rachel is the teacher that is intentional in her lessons and plans for success. She truly does believe that all students can and will learn! She creates connections with each of her students. She knows their strengths and interests. She then will create lessons that fit those strengths and interests! Students leave Rachel's classroom with a sense of accomplishment and that just wants them coming back for more! She has been trained in and follows the ELL curriculum. She makes it so that her students feel safe to ask questions and practice skills! She makes it so that her students want to learn! She makes it so that her students want to be there!."

Elizabeth Rushton, M. Ed.
Instructional Specialist
Humboldt Unified School District
