## ADE Identification & Eligibility Interview Questions & Checklist

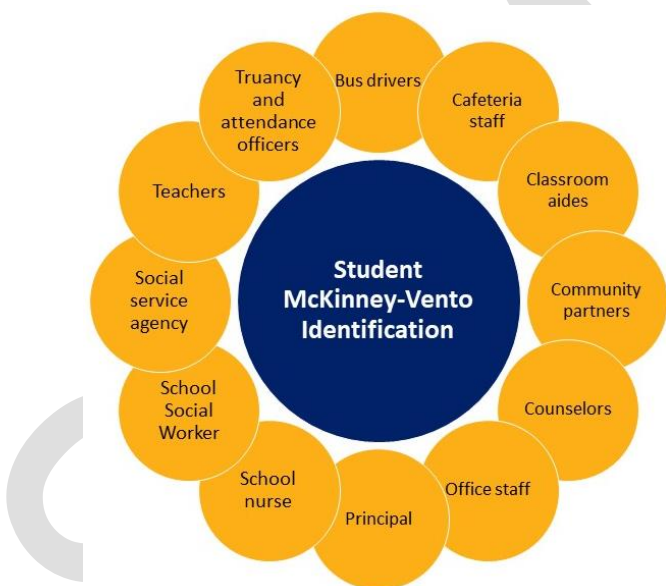

Each local educational agency liaison for homeless children and youths, designated under paragraph (1)(J)(ii), shall ensure that homeless children and youth are identified by school personnel through outreach and coordination activities with other entities and agencies. [\(42 U.S.C. § 11432 \(g\)\(6\)\(A\)\(i\)\)](#). Subtitle VII-B of the McKinney-Vento Homeless Assistance Act

The process of identification and eligibility determination involves three basic steps:

Each student has a unique housing situation; as a result, determinations regarding eligibility and services under the McKinney-Vento Act must be determined on a case-by-case basis for each student. Remember, McKinney-Vento Homeless Liaisons are responsible for developing rapport and trust during the interview process to facilitate the acquisition of pertinent information. In other words, it is important to allow families to share their story to ensure you are obtaining necessary details to make a proper determination. Understanding the entire scope of the situation will enable you to make a well-informed decision.

As you conduct your interview process, consider consulting with school staff and community partners to gather information about the student’s situation. Staff often build a relationship with the student, or parent, and can be privy to additional details. Remember to be mindful of confidentiality requirements when collaborating, as outlined within [The Family Educational Rights and Privacy Act \(FERPA\)](#).

McKinney-Vento awareness is established by way of the McKinney-Vento Homeless Liaison offering yearly trainings to school personnel, service providers, community partners, social service agencies, and advocates.

By providing this training, the McKinney-Vento Homeless Liaison can rely on these stakeholders in the future with the referral, identification, and information gathering to support children and youth experiencing homelessness.

For additional support regarding awareness, interview process, and identification best practices, reference the [NCHE Homeless Liaison Toolkit](#) and [NCHE Brief: Identifying Children and Youth in Homeless Situations](#).

The McKinney-Vento Education for Homeless Children and Youth Act provides a definition of homelessness for children and youths to be used by state educational agencies (SEAs) and local educational agencies (LEAs). It defines homelessness for children and youth to be those who lack a fixed, regular, and adequate nighttime residence ([42 U.S.C. § 11434a\(2\)](#)).

**Use the following checklists to help guide your conversation with the parent, guardian, caregiver, or student to determine if the student’s living situation is considered fixed, regular, and adequate.**

### **Eligibility Determination Decision**

Once you have gathered all the relevant information, it is time to put the pieces together and determine if the student lacks a fixed, regular, and adequate nighttime residence. Remember, the student's housing must satisfy all three criteria to be considered permanently housed. **If one or more of the three criteria (e.g., fixed, regular, and adequate) is missing, the student would be considered homeless under the McKinney-Vento Act's definition.**

- The student(s) **meets** the definition of Homeless as defined in the McKinney-Vento Assistance Act.
- The student(s) **does not meet** the definition of Homeless as defined in the McKinney-Vento Assistance Act.

**Summary and Final Notes:** Use this section to recap the eligibility determination.

Continue to **Step 2 – Assessment of Need Planning Guide** if the student(s) meet the definition of Homeless.

## Step 2 – Assessment of Need Planning Guide

**This section is intended to assess what supports the student(s) may need.**

H = High Need (Need cannot be met without help.)

P = Partial Need (Need can partially meet the need.)

N = Not a need (Need can be on their own.)

**Step 3:** Review what plans the parent has in place to address the need over time.

**Step 4:** If the LEA is going to provide support, indicate if this is a one time or ongoing need. Establish the process for ongoing support with the parent.
