

AGENDA

Meeting objectives:

- Introductions and Welcome
- Introduction of co-facilitators – Manny Villa, IT Director and Victor Trejo, IT Director
- Group will learn about:
 - **Girls Who Code – Sandra Johnson, and Bonnie Wilde, ASU Enterprise Technology.**
Learn about the Girls Who Code program, a club for students to explore coding in a fun and friendly environment.
 - **Mesa Public Schools – David Sanders, CTO.** The need to provide skilled individuals to support network, connectivity, cybersecurity, and support activities surrounding the management of network systems, services and equipment is increasing. Join us to hear from one school about how they are cultivating their future workforce from within their district and paying their student interns along the way!
- Announcement and thank you!
