

Framework – Professional Development

The ADE 21st CCLC unit is dedicated to providing Professional Development (PD) opportunities to support the growth and development of successful 21st CCLC programs throughout the duration of their grant award.

Definition

PD opportunities are collaborative in nature and provide hands-on learning with colleagues. Annual PD is a compliance requirement to ensure continued learning and knowledge gained about out-of-school time (OST) is ongoing. Required annual PD is listed later in this document.

Technical Assistance, Training, and Professional Development

Relationships between ADE 21st CCLC Education Program Specialists (Specialists) and their assigned partner sites and leaders are critical to program success. Specialists have background and training in OST programming, federal grants management, and monitoring and compliance for 21st CCLC awards. Each Specialist develops an understanding of their assigned program sites and offers tailored technical assistance and training throughout the 5-year cycle of the award.

Examples of Technical Assistance and Training Provided
