1	Substitute point of service staff are not being trained properly on the meal counting and claiming system (including the backup system) on an annual basis. Specifically at Breakfast on the day of review, substitute point of service staff were not trained properly on the meal counting and claiming system.	Discussed the regulation that SFAs are required to conduct training for point of service staff and serving line staff so they can help students select the required food components/food items in the quantities needed for reimbursable lunches and breakfasts. Annual training is required to meet the professional standards requirements.	<i>Please provide written procedures that demonstrate how point of service staff and substitute point of service staff will be trained on the meal counting and claiming system on an annual basis. Additionally, please provide written assurance that these procedures will be followed.</i>
