

ADE Cohort Opportunity - Informational Session Webinars

Reading Apprenticeship is an evidence-based professional learning experience focused on disciplinary literacy in grades 6-12. Educators are engaged in a process to discover the tools and perspective to “apprentice” their students in any subject area. This assets-based approach helps teachers develop students’ comprehension skills while also building subject-area knowledge, reader-identity, collaboration, and persistence.

As part of a State Tutoring grant opportunity, ADE will be offering the opportunity for Arizona teachers to participate in an ADE cohort of the Reading Apprenticeship Essentials course.

- Little to no cost to educators/districts (\$900+ value)
- 5 total days in-person at ADE office (3 in September, 2 in January)
- Plus on-going virtual coaching throughout the year!
- All books and materials included!

3 Virtual Informational Sessions Available:

**August 8
at 4 PM**
