

Adult Education Services

Dear Colleagues,

Welcome to the 18th annual ***Arizona Adult Education Institute!***

On behalf of the Arizona Department of Education and the Adult Education Services (AES) staff, we are excited you have joined us for this annual professional learning opportunity.

This institute has been planned over the last 10 months and has been designed to provide you with quality content to build your knowledge and skills as an adult educator. The concurrent sessions are led by national and state level presenters/facilitators who were selected based on their content expertise. Be sure to attend the general sessions each morning over the next three days, to hear the amazing keynote speakers and their messages of inspiration and wisdom.

Please take some time to visit the vendors in Turquoise I during breaks and after lunch. Stop by the *Arizona Association for Lifelong Learning (AALL)* table to meet colleagues from our professional organization. If you are not currently an AALL member, please ask how you can become a member. Don't miss the *Arizona Adult Education Services* table to pick up FREE instructional resources and goodies, while supplies last.

To maximize your professional learning at the institute, please fully attend and actively engage in the sessions, find opportunities to network with other adult educators from around the State; and most importantly, collaborate with your colleagues to implement your new knowledge and skills to guide our work in ***Charting the Course for Student Success!***

Enjoy the institute!

Beverly Wilson

Deputy Associate Superintendent/State Director-Adult Education
Arizona Department of Education-Adult Education Services
