¹ This disability type for preschool students is not recognized for funding purposes by state law (A.R.S. § 15-771). However, this disability type was incorrectly recognized by the ESA program for preschool students and funded until September 18, 2023. This practice has stopped and only the 5 disability types allowed for preschool funding by state law are now funded by the ESA program.

(b) The annual award amount associated with each student.

(The number of students by exact award amounts can be found in *Appendix B*)

(c) The number of ESA applications received, approved, and denied in the preceding quarter, including the justification for the denied applications.

Application Status	Number of applications
Received	15,018
Approved	12,852
Denied	207

Note: The number of applications received does not equal the sum of the applications approved and denied because some applications that we received were incomplete at the end of Quarter 1, but applicants still were within the timeframe to provide information to complete their applications. Additionally, some of the applications we received in Quarter 1 were incomplete and applicants never provided additional documents in the 30-day timeframe required by the ESA program to complete their applications, resulting in the applications being closed. These applications are not captured in either the approved or denied status categories. Lastly, some applicants submitted duplicate applications, which required ESA staff to disregard one of the duplicated applications. These duplicated applications were not captured by either the approved or denied statuses.

(e) A summary of any parent input or feedback collected pursuant to R7-2-1503(6) and how the Department is responding to concerns submitted as part of the process.

Concern/Feedback	How the Department responded
Delay in the process of reimbursements	The ESA Program is tracking and monitoring time to approve reimbursement and strives to review them as quickly as possible.
The processing time for purchases made through Classwallet is currently experiencing a delay beyond the normal timeframe.	The ESA Program is tracking and monitoring the time to approve orders and strives to review orders as quickly as possible. There is not a “normal” timeframe, since purchase volume is the primary driving factor of review time, and purchase volume continues to grow with the program. However, to address growing purchase volume, the ESA program has begun working with ClassWallet in Quarter 1 of fiscal year 2024 to begin developing automation processes for improving the time in which purchases are approved.
Debit cards requests	As of February 8, 2023, the Department has placed a hold on the issuance of pre-paid debit cards, until further notice.
There is a delay in processing HelpDesk tickets	HelpDesk tickets are assigned daily and are answered as quickly as possible by ESA staff. They will be answered by the team that can best answer the question(s) in the HelpDesk ticket.
Regular communication is not being received	Our team consistently aims to minimize unnecessary modifications. However, when changes are necessary, we are meticulous in our communication to account holders and documentation of the changes.
The disbursement of funds occurred on a later than anticipated date	Quarter 2 funding disbursements were later than prior quarterly funding disbursements because in Quarter 2 current year data becomes available to the ESA program. ESA awards are based on current year funding and as a result of current year data only being available to ESA in Quarter 2, the funding disbursed in that quarter requires ESA annual award amounts to be recalculated and for adjustments to be made because of Quarter 1 funding disbursements. The ESA program worked diligently to ensure the accuracy of each student's funding.

Information regarding the available purchase options is very minimal	The Department’s current allowable list can be found here: https://www.azed.gov/esa/esa-guidance
The process for updating eligibility is experiencing a significant delay	State law requires the ESA program to review applications within 30 days. 100 percent of the applications received were reviewed within 30 days. Updates to students’ eligibility categories are reviewed in the order that they are received, while firstly ensuring that the ESA program meets is 30-day review requirement.

Orders made through Amazon are being canceled after approval through ClassWallet	ESA staff instructed account holders to re-order the canceled item and contact the ESA Call Center to have ESA staff review the newer order over the phone.
The setup process for ClassWallet requires a significant amount of time	The set-up process for a ClassWallet account is started as soon as a contract is signed and may take up to 3 weeks.
Vendors and account holders have expressed concerns regarding delayed payments and have requested that ESA parents be granted access to the prepaid debit card.	As of February 8, 2023, the Department has placed a hold on the issuance of pre-paid debit cards, until further notice.

Concerns regarding delays in the approval of orders	It is the responsibility of the Arizona Department of Education to process orders. The ESA Program is tracking and monitoring the time to approve orders and is striving to approve them as quickly as possible.

Instances of orders disappearing from the screen, leading to uncertainty about order status	ClassWallet promptly and effectively addressed and resolved any concerns as they were brought to their attention.
Concerns with the removal of debit cards	As of February 8, 2023, the Department has placed a hold on the issuance of pre-paid debit cards, until further notice.
Concerns about the difficulty in making purchases on Amazon and issues linking accounts	Amazon purchases conducted via the ClassWallet portal can utilize the student account to directly access ESA funds for transactions, following the redirection back to the ClassWallet platform. Regarding account linking, the option to link accounts is available through the use of Amazon Households. Further details are provided in the Knowledgebase article accessible at https://classwallet.my.site.com/classwallet/s/article/ClassWallet-and-Amazon .
Concerns raised about higher prices from vendors in the marketplace	ClassWallet does not have control over the listed prices.
Concerns about delays in vendor fund disbursement.	ClassWallet is dedicated to promptly and efficiently disbursing funds to vendors.

(g) Information regarding appeals filed with the Board that were resolved prior to a hearing.

Appeal reason	Number resolved prior to hearing
Eligibility denied	9
Expense items disallowed	9

(h) Information related to the audits completed, including:

i. Scope of the audit.

All ESA applications for enrollment are reviewed by an ESA employee and an ESA special investigator audits applications on a risk basis to ensure that all eligibility information presented is valid and true.

All purchases paid with ESA funds are reviewed by one or more ESA or

ClassWallet employees to ensure that purchases are allowable. Approved purchases are further audited on a random and risk basis by an ESA employee to ensure the validity of approved purchases.

ii. Data and narratives on audit findings from the Quarter.

Number of applications that have been received, approved, or denied in Quarter 1.

Applications received: 15,018

Applications approved: 12,852

Applications denied: 207

Note: The number of applications received does not equal the sum of the applications approved and denied because some applications that we received were incomplete at the end of Quarter 1, but applicants were still within the timeframe to provide information to complete their applications. Additionally, some of the applications we received in Quarter 1 were incomplete and applicants never provided additional documents required by the ESA program to complete their applications, resulting in the applications being closed. These applications are not captured in either the approved or denied status categories. Lastly, some applicants submitted duplicate applications, which required ESA staff to disregard one of the duplicated applications and these duplicated applications were not captured by the approved or denied statuses.

Number of Marketplace, Direct Pay, Reimbursement, and Pre-paid orders reviewed, approved, or rejected in Quarter 1.

Orders reviewed: 251,920

Orders approved: 231,685

Orders rejected: 12,227

Note: Some rejected orders lacked adequate supporting documentation at the time that parents submitted them in Quarter 1 of fiscal year 2024 but ultimately parents provided adequate supporting documentation in Quarter 2 of fiscal year 2024.

iii. Data and narratives of finding outcomes from the Quarter.

See 5 (h)(ii).

The Quarterly report for fiscal year 2023's Quarter 3 will also quantify the total amount of ESA funding that was sought in denied applications. Additionally, the ESA program is working with ClassWallet, the ESA program's financial

solutions vendor, to enhance purchase review functionality. These enhancements will include line-item purchase approval or denial, which currently does not exist. Presently, ESA purchase review staff must approve or deny orders in their entirety and cannot approve or deny individual items included in an order. When line-item approval or denial is operational, the quarterly report following the implementation of that functionality will include the total dollar value of orders that were rejected because they were not allowable or adequate documentation was never provided.

(i) Summary of all outages within the Department, private financial management firm, Department of Treasury, GAO, ADOA, etc. that cause a delay of the ESA program.

Total	5,556	100%

ii. The average number of days to resolution:

On average, HelpDesk tickets were resolved in 9 days.

iii. A summary of resolutions:

The first quarter in which this requirement was applicable was Quarter 3 of fiscal year 2023. In the Quarter 3 and Quarter 4 of fiscal year 2023 reports, the ESA program did not present data to satisfy this requirement. The ESA program will work with the State Board of Education (SBE) to clarify what information SBE is seeking for this reporting requirement.

(n) Provide updates on the bidding process for all eligible Department contracts, including:

i. A.R.S. §15-2403(A): The treasurer may contract with private financial management firms to manage Arizona Empowerment Scholarship accounts.

The State Treasurer's office initiated a Request for Proposal on March 27, 2023. The contract was awarded to ClassWallet on August 1, 2023. The contract has not been signed, but parties have until June 30, 2024 to sign it.

ii. A.R.S. §15-2403(B): The Department shall conduct or contract for annual audits of Arizona empowerment scholarship accounts to ensure compliance with section § 15-2402, subsection B, paragraph 4.

The ESA program's current practice is that every item purchased with ESA funds is reviewed by an ESA or ClassWallet employee. All purchases that are rejected by a Purchase Review Specialist because they are determined to be unallowable are then reviewed by a second ESA employee, which often includes a supervisor, to evaluate whether the purchase is in fact unallowable.

For purchases that are approved by a Purchase Review Specialist as allowable, they are subject to random reviews by a Purchase Review Lead Specialist, who audits whether the purchase was correctly approved.

As a result of all purchases being reviewed by 1 or more ESA employees, every purchase is audited for appropriateness.

- iii. **A.R.S. §15-2403(B): The Department shall also conduct or contract for random, quarterly and annual audits of Arizona empowerment scholarship accounts as needed to ensure compliance with section § 15- 2402, subsection B, paragraph 4.**

See response to 5 (n) (ii).

- iv. **A.R.S. §15-2403(J): The Department shall contract with an independent third party for the purposes of determining whether a qualified student is eligible to receive educational therapies or services pursuant to section 15-2402, subsection B, paragraph 4, subdivision (c).**

In fiscal year 2023, Quarter 4, the Department of Education posted a Request for Proposal (RFP) on May 19, 2023 to solicit proposals from bidders to conduct independent third-party evaluations of qualified students to determine eligibility to receive educational therapies or services pursuant to A.R.S. 15-2403(J)(B)(4)(c). However, the Department cancelled the RFP on August 15, 2023 in the best interest of the State, because it was determined by statute that the contract must be competitively awarded to a single contractor. The RFP posted on May 19, 2023 allowed for multiple contractors to be awarded contracts, which necessitated its cancellation.

The Department of Education intends to develop an RFP to address this statutory requirement.

- v. **R7-2-1503(2): Subject to review and approval by the Board, the Department may contract with a third party to operate the call center.**

This portion of the Quarterly report is not applicable because the Department of Education currently has a dedicated ESA call center.

- vi. **Any other eligible Department contracts.**

- (o) **The date of the most recent update to the online database of approved expenses and disallowed expenses. A summarization of the changes made.**

The most recent allowable and disallowable lists were posted on March 17, 2023. The lists were revised by the Department to align with state statute and to also provide clarity and direction for account holders.

Allowable List:

Disallowable List:

- (p) **An approximation of the most common award amount. Provide the method(s) and formula utilized to calculate award amounts.**

Average:	\$9,782.11
Median:	\$7,408.64

ESA annual award amounts are determined by calculating 90 percent of the amount a student would have received in state funding had the student attended his or her school district of residence. Annual ESA awards are based on 7 funding variables in the following formula:

((Support Level Weight + Group B Weight + ELL and MOWR Assistance Weight) X Base Amount X TEI X Grade Level Multiplier) + Charter Additional Assistance

1. **Support Level**—additional per student funding for some students based on grade level and size of school district
2. **Group B**—additional funding for students with disabilities
3. **English Language Learners (ELL) and/or K-3 reading (MOWR program) funding**—additional per student funding authorized by state law for English Language Learners and for students in grades K-3 to ensure that students’ reading levels are appropriate before moving to grade 4 (Move On When Reading or MOWR)
4. **Base Amount**—per student funding amount authorized by state law
5. **Teacher Experience Index (TEI)**—additional funding for some school districts that have a higher average level of teacher experience than the state average

6. **Grade Level Multiplier**—funding multiplier of the Base Amount depending on whether students are in preschool or kindergarten (.5 multiplier) or in grades 1-12 (1.0 multiplier)
7. **Charter Additional Assistance**—additional funding per student authorized by state law

(q) Any other information the Board requests.

Not applicable.

R7-2-1503 (6)

The Department collects parent input and feedback regarding the ESA Program on a quarterly basis through an online form. The online form (link) may be submitted to parents through different channels of communication including but not limited to emails and through the ESA portal.
