

WELCOME TO WEBINAR #8: TEST IRREGULARITIES

This webinar will be recorded and posted on the ADE Assessments webpage.

Please enter your First and Last Name in the Chat for tracking purposes for the live event.

We will also be capturing the chat questions. If there are questions that were frequently asked or need further clarification, ADE will compile and create an FAQ which will then be posted on the Assessments webpage under Friday Focus Webinars.

 - ✓ Security Agreements
 - ✓ Irregularities and Implications
 - ✓ Breaches of Security
 - ✓ Reporting and Codes
- ✓ Administration Tips

STANDARDIZED ASSESSMENTS

Examples of Standardized Assessments:

NAEP, AASA, MSAA

Standardized training is required for all statewide assessments. This ensures that the test will be administered the same for all students.

Assessment Administrators receive online training and the supporting documents to ensure fidelity of implementation and the validity of the assessment results as well as to help prevent, detect, and respond to irregularities in academic testing and maintain testing integrity practices for the Achievement assessments.

If the test is not administered in the same ways this could result in a test irregularity or even an invalidation of a student test or tests.

Achievement Assessments

VALID, FAIR, AND RELIABLE ASSESSMENT

- ✓ Meet comprehensive standards of validity, reliability, and fairness
 - ✓ Reliable assessments produce stable and consistent results
 - ✓ Conduct the assessments in a fair and ethical manner
 - ✓ Closely adhere to security policies and test security agreement and practices
 - ✓ Apply principles of test security to assessment material storage and handling, test administration, and electronic tools
-
- ❑ Contact the appropriate person regarding test security violations or test irregularities

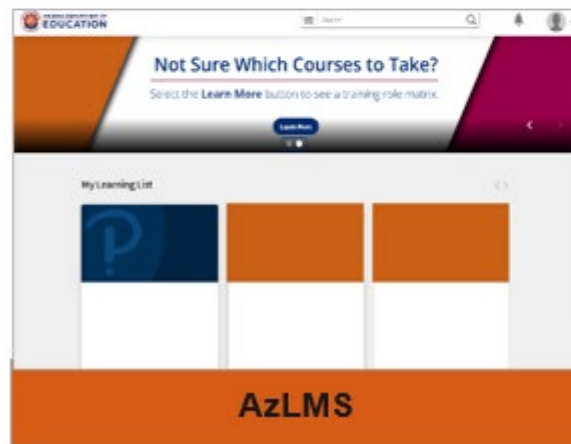

FERPA!

Achievement testing materials may contain Personally Identifiable Information (PII)

The Achievement tests security policy also applies to the digital systems and tools used to administer and score the assessments. It is a direct test security violation to share or exchange account information, such as usernames or passwords, with anyone.

ACHIEVEMENT TESTS STAFF SECURITY AGREEMENT

This Achievement Tests Staff Security Agreement must be signed by all employees of the district, charter, and schools **who will have contact with** Achievement test materials, administer the Achievement tests, monitor students during test administration, assist with testing, and/or enter the testing environment.

ASSESSMENTS Achievement

Achievement Tests (AASA, AzSCI, ACT Aspire, and ACT) School Year 2023-2024 Staff Test Security Agreement

I acknowledge that all Achievement Tests are secure tests and agree to the following conditions of use to ensure the security of the test. For this document, Achievement Tests refers to AASA, AzSCI, ACT Aspire, and ACT.

1. I shall take necessary precautions to safeguard test materials.
 - a. I shall sign an *Achievement Tests Staff Security Agreement* for School Year 2023-2024.
 - b. Access to test materials, including online tests, is restricted. I shall not attempt to gain access to test materials beyond that which is granted to me by my school/district test coordinator, superintendent, or charter representative.
 - c. If test materials are distributed to me, I shall keep them under lock and key except during actual test times. This includes any student data sheets or student information sheets provided to me.
 - d. I shall not permit students to remove test material from the testing room except under the supervision of staff.
 - e. I shall not examine, read, or review the Achievement Tests.
 - i. I shall not disclose, nor allow to be disclosed, the content of the test.
 - ii. I shall not discuss any test item at any time.
 - iii. I shall not examine, read, or review any student responses.
 - iv. I shall not log into any student online test.
 - f. I shall not erase or change any student responses or any marks (including stray marks) on a scorable test booklet or answer document.
 - g. If test materials are distributed to me, I shall return all test materials to the school/district test coordinator immediately upon the completion of testing.
 - h. I shall not use any test materials for instruction before or after test administration. I shall follow *Test Preparation and Administration Practices*, the guidelines approved by the State Board of Education in January 2003 and updated in December 2007.
 - i. I shall not provide prohibited or inappropriate resources to students during testing, including but not limited to graphic organizers, reference sheets, and calculators, except for tests and test sections where calculators are allowed.
 2. I understand that the district superintendent or charter representative will develop, distribute, and enforce disciplinary procedures for the violation of test security by staff.
- Individuals who will administer or proctor Achievement Tests for school year 2023-2024 must also agree to the following conditions to ensure the correct administration of the tests.
3. I shall participate in training activities prior to administering the tests.
 4. I shall review the appropriate Test Administration Directions prior to administering the test.
 5. I shall follow all instructions in the appropriate Test Administration Directions including reading the directions to students exactly as scripted.

By signing my name to this document, I am assuring my district/charter and the Arizona Department of Education that I will abide by the above conditions and that anyone I supervise, who will have access to the Achievement Tests, will also sign a Test Security Agreement.

TRAINING REQUIREMENTS

Achievement Assessments Training Requirements

- Available in AzLMS
- Available on Achievement DTC webpage

Training Requirements 2023-2024

Each Achievement testing staff member must complete the required training modules that are **associated with their assigned user role(s) for the assessments they will be part of administering**. If you do not know your assigned user role(s), please ask your Achievement District Test Coordinator (DTC) prior to starting the training modules.

Pearson will create all Achievement DTC Arizona Learning Management System (AzLMS) accounts by way of an invitation. It is the responsibility of the DTC to invite the School Test Coordinators (STCs) and Technology Coordinators to the AzLMS. The DTC and the STCs must invite all other testing staff roles to the AzLMS and assign the training modules they are required to complete based on their role and the assessments they will be administering. Additional training modules may be assigned to staff members as needed.

The **Test Security & Ethics** training module is required for all employees who will administer, proctor, be in contact with testing materials, or have access to the testing environment for **AASA, AzSCI, ACT Aspire, and ACT** test administrations. All other Achievement testing training modules apply specifically to **AASA and AzSCI** assessments.

Proctors must be an employee of the district or charter. Parents, relatives, student teachers, volunteers, and school helpers are not permitted to be Proctors.

HOW TO AVOID TEST IRREGULARITIES

Ensure:

- ✓ Participation in the Test Security & Ethics module is to be completed by all staff this includes DTC, STC, TA, Tech Coordinators, proctors, and non-testing staff with access to materials or environment (including for ACT and ACT Aspire as well as AASA and AzSCI)
- ✓ Participation in The Test Administration Responsibilities module is to be completed by all staff this includes DTC, STC, and TA for AASA and AzSCI.

Have a plan to monitor during test administration

ASSESSMENTS

Test Security and Ethics

TEST ADMINISTRATION EXPECTATIONS

During the administration of the AASA tests, Test Administrators and Proctors must supervise the testing room at all times. Test Administrators and Proctors should move continuously about the room in an unobtrusive manner to ensure students are using only appropriate testing materials and resources and to check that students are progressing through the test. Students should be allowed to work at their own pace. Testing staff must remain attentive to their testing responsibilities throughout the test administration. Reading (other than the AASA manuals or supplements), grading papers, using a computer, cell phone, or other media device, talking casually with other staff, or engaging in any activity in the testing room not directly related to the test administration is not permitted.

TEST IRREGULARITIES

PLAN IN PLACE...WHEN AND WHERE

Administered at Arizona schools. Students must be tested in a physical building designated as a testing site by the school.

Administering AASA tests on dates other than those shown without the written permission of the Assessment Unit of the.

Test Administration Schedule

The Achievement District Test Coordinator is responsible for communicating the test administration schedule to the appropriate school and district personnel, including Test Administrators, as well as to students and parents/guardians. Administering AASA tests on dates other than those shown is not permitted. The tables in this section list the test administration schedules and guidelines for Computer-Based Testing (CBT) and Paper-Based Testing (PBT). Assessment test windows will not be extended for any reason.

- AASA assessments are untimed.
- The Writing test unit must be administered first.
- Writing must be administered on a separate test day than Reading and Math.
- **For the CBT**, students taking the same test within the same school are not required to test on the same day.
- **For the PBT**, students taking the same test within the same school must test on the same day.
- **For Special Paper Version (SPV) testing**, all student responses from a SPV test must be transferred into TestNav per the CBT or PBT schedule.

BREACHES OF TEST SECURITY

PLEASE LOCATE YOUR TEAM'S REACTION BUTTON FOR ACTIVE PARTICIPATION

BREACHES OF TEST SECURITY

Use of Unacceptable Resources

If students are observed **in possession of and/or use** of unacceptable resources, including but not limited to unacceptable reference materials, cell phones, smart watches, or other electronic devices, the unacceptable resource must be removed.

Students are provided all other tools and resources needed for AASA testing within the TestNav application.

Test Administrator:

Use of a cell phone and /or Walkie Talkie is an LEA decision. Please use with caution and silence the device. Communication should not interfere or impede student performance.

BREACHES OF TEST SECURITY

Use of Accommodations

Accommodations are provisions made in how a student accesses the test and/or demonstrates learning that do not alter the validity of the test, score interpretation, reliability, or security of the test.

Modifications that alter the test construct being measured are prohibited, including changing the number of answer options, providing Text-to-Speech or a human reader during the ELA Reading test units, or providing a calculator during Math test units where a calculator is prohibited.

OR-

Inappropriate test administration for students not eligible for testing
(eligible for Alternate Assessment)

BREACHES OF TEST SECURITY

Testing Environment

All visual aids displayed in the testing room that could assist students while testing must be removed or covered completely prior to any test session.

Any motivational signs, apparel, or activities are not permitted in the testing environment.

Arrange student seating so that students cannot easily see each other's test materials.

Parents, relatives, student teachers, volunteers and school helpers **are not** permitted to be in the testing room.

District or school staff who have relatives being administered the test are not permitted to be in the testing room while their relative is testing.

Test Administrators, Proctors, and any adult who will have access to the assessment **must be employees** of the school/district/charter.

BREACHES OF TEST SECURITY

Entering and Exiting the Testing Environment

Students who are working productively and require additional time must be allowed to complete the test. Once student has submitted their test, students may remain in the environment; however, they must remain silent, and they may not access content material, computer, or have access to their electronic devices.

Students may not leave the testing environment to attend lunch. Group or class stretch breaks are not allowed. Students cannot be stopped from testing by the Test Administrator for a stretch break.

Students who disrupt testing, refuse to participate, receive help from others, or otherwise engage in behavior not consistent with acceptable classroom behavior should be removed from the testing room as soon as possible to allow other students to continue to test undisturbed.

BREACHES OF TEST SECURITY

Food in Testing Environment

Students **may not** leave the testing environment to attend lunch.

Group or class stretch breaks are not allowed. Students cannot be stopped from testing by the Test Administrator for a snack break.

ACT prohibits the consumption of snacks and beverages within the testing environment.

For **AASA** and **AzSCI**, please limit consumption of snacks and beverages within the testing environment. **(LEA Choice)**

KINDS OF TEST IRREGULARITIES

All need to be documented but some will result in an invalidation of a test or tests

We appreciate the seriousness our District Test Coordinators take in reporting and investigating

We get reports from DTCs and parents (whose children went home and shared what happened)

We investigate all reports to ADE- including anonymous reports

Will most likely not be invalidated:

Started test but technology prohibited reentering test to complete during same day

Technology disruptions (Enter a Test Irregularity)

Disruptive students (Do Not Enter a Test Irregularity)

Will be invalidated:

Students being administered the test without a qualified test administrator

Cheating by adults or students

Teachers instructing students to practice with operational test questions

Providing any reference sheets to students during testing

Students using or in possession of cell phones

Providing a non-allowable accommodation

Reading the Reading Test

Taking photo or tik-toks during test administration

Motivational posters up in classroom

Students accessing content or web content during test session

The AASA and AzSCI Sample Test helps students, teachers, and parents become familiar with the content, question types, and the tools in the AASA and AzSCI assessments.

The sample tests are available in the computer-based format, including American Sign Language (ASL), for ELA Writing, Reading, Oral Reading Fluency (ORF), and Math test units.

Students will access the test as a guest, so no personal information needs to be provided. Students should take the Sample Test prior to taking the Spring 2024 test.

SUBMIT FINAL ANSWERS

Once the student clicks the green “Submit Final Answers” button, the screen “Test Submit Warning” will display to confirm that the student is about to leave this unit. Once the student selects the “Yes, Submit Final Answers” button on this warning screen, the test opportunity will end, and the student will not be able to continue to test.

This unit of the test **cannot be reopened** once the student clicks “Yes, Submit Final Answers.”
