U.S. DEPARTMENT OF EDUCATION

This practice guide provides four evidence-based recommendations that teachers can use to deliver reading interventions to meet the needs of their older readers. These recommendations are appropriate for 4th through 9th grade and beyond - decoding multisyllabic words, fluency, building word and world knowledge, questioning, gist statements, comprehension monitoring, and accessing complex texts.

In our study, we will review the recommendations and routines, and discuss how to apply them in our own secondary ELA classrooms.
