21st CCLC Site Evaluation Report #3701

Program Area	Monitor Program	Cycle	Fiscal Year
21st CCLC	21st CCLC State Level Programmatic Reporting	1/24	2024

Assigned On: 3/19/2024
Last Modified On: 3/19/2024 11:47:29 AM

IsOnsite Visit: ☉
Start Date: 4/17/2024

Data Collection Method: Desktop Review
End Date: 6/12/2024

Purpose

Purpose:
21st CCLC programs shall undergo a periodic evaluation in conjunction with the State educational agency's overall evaluation plan to assess the program's progress toward achieving the goal of providing high-quality opportunities for academic enrichment.

[SEC. 4205, \[20 U.S.C. 7175\] LOCAL ACTIVITIES \(b\) MEASURES OF EFFECTIVENESS](#)

All Arizona 21st CCLC grantees must submit an annual Site Evaluation Report which assesses their own compliance with grant requirements and the strength of their programs' impact on their own 21st CCLC grant objectives.

The 21st CCLC Site Evaluation Report must be submitted in EMAC by the required Due Date on the Required Reporting Calendar.

For additional guidance, refer to the [21st CCLC Site Evaluation User Guide](#) resource document located under the Data Collection Task Resource Tab and at 21st CCLC website.

Required Steps to be Completed:

1. Complete Online Form A – 21st CCLC Program Site Evaluation – Self-Assessment Compliance Worksheet
2. Complete Online Form B – 21st CCLC Program Site Evaluation – Objectives & Continuous Improvement Worksheet
3. Select the 'Submit for Review' button found on the data submission page to complete Site Evaluation report.

Add/Remove Objective (1.3 and 2.2)

Continuous Improvement Questions *

These Continuous Improvement questions are designed to answer the following questions: What are the Strengths, Opportunities, and Threats (SWOT) to reaching the program objective? Think about all the programming decisions you made for your program. What helped our successes with the Objective (Strengths)? What hurt our success with the Objective (Weaknesses)? What helped our success with the Objective (Opportunities)? What might hinder our efforts to accomplish the Objective in the future (Opportunities)? What might hinder our efforts to accomplish the Objective in the future (Threats)?

Strengths *

Weaknesses *

Opportunities *

Strategies for Improvement *

What will be done next year to ensure progress toward reaching the program objective? What do we plan to do?

Add Additional Objective

Remove Objective

Academic Objective #3

Approved Academic SMART Objective *

List the approved SMART objective (can be found on this year's Program at a Glance).

Type of Academic Objective *

- Reading
- Math
- Other (describe)

Data Source *

List the Data Source used to determine if the objective was met (usually explicitly named in the objective).

If you have 1.3 and/or 2.2, you can add an additional objective with the blue button. If you choose the blue button accidentally you have the option to remove the objective with the red button.

New in 2023-2024

[Go Back](#) [Save Draft](#) [Download](#)

Program-At-A-Glance Objectives

Academic Objective 1.1

1.1 At the end of each program year, reading achievement for 60% of students attending 30+ days will demonstrate a 15% increase as measured on a District pre/post-test.

Academic Objective 1.2

1.2 At the end of each program year, math achievement for 60% of students attending 30+ days will demonstrate a 15% increase as measured on a District pre/post-test.

Academic Objective 1.3

1.3 By the end of each program year, 50% of students with disabilities attending 21st CCLC programs for 30 days or more will meet individualized growth goals in ELA as measured by district pre/post approved benchmark assessments.

Youth Development Objective 2.1

2.1 By end of program year, 75% or more of 21st CCLC students attending 30 days or more will report social and emotional growth as measured by the District's 40 Developmental Assets survey given pre-and post to all attendees.

Family Engagement Objective 3.1

3.1 By the end of each program year, 60 or more adult families whose students attend the 21st CCLC program for 30 days or more will participate in at least 2 family engagement events as measured by sign in documentation or parent surveys.

B - 21st CCLC Program Site Evaluation - Objectives & Continuous Improvement Worksheet

Evaluation Questions

1. Was program implemented as approved in application?	Compliance Self-Assessment	Original approved 21 st CCLC grant application
2. Were program objectives met?	Objectives Reporting	Objectives from approved grant application, or Specialist approved revisions submitted in Continuing Application
3. What are the Strengths, Weaknesses, Opportunities, and Threats (SWOT) to reaching program objectives?	Continuous Improvement	Compliance Form Objectives Form School Day & Program Staff Meetings Surveys
4. What will be done next year to ensure progress toward reaching program objectives?		

Objectives

The Objectives Reporting Worksheet is designed to collect information regarding progress made toward meeting your own 21st CCLC grant program objectives.

Evaluation Question 2 – Were program objectives met?

From your approved application (or Program Specialist approved revisions in the Continuing Application), please report on **ALL** objectives in the following areas:

- ✓ Academic Objectives
- ✓ Youth Development Objectives
- ✓ Family Engagement Objectives

Report all information requested in the Objectives Reporting Worksheet for each objective and show your work in the Data Findings section. Academics are on page 1, Youth Development is on page 2, and Family Engagement is on page 3.

Evaluation Question 2 – Were program objectives met?

Here is an example of how to fill out the Academic Objectives Reporting:

Approved Academic SMART Objective*

List the approved SMART objective (can be found on this year's Program at a Glance).

1.1 Each year, 50% of students attending 30 or more days in grades 2-5 will advance one or more proficiency levels from the first district benchmark (administered in the fall) to the 3rd district benchmark (administered in the spring) in Math.

Type of Academic Objective*

- Reading
- Math
- Other (describe)

Data Source*

List the Data Source used to determine if the objective was met (usually explicitly named in the objective).

Math Benchmark Test Scores

Data Findings*

Of our 100 regular attendees in grades 2-5, 38 advanced one proficiency level and 8 advanced two proficiency levels between the fall and spring benchmark tests. Another 14 students, however, showed 10 or more percentage points of growth, but did not move up a level.

The 46 students who did move up one or more levels indicate 46% of our 2-5 grade regular attendees. 46% falls just shy of our 50% goal.

Objective Met?*

- Yes
- No

Continuous Improvement

The Continuous Improvement questions in the Site Evaluation are designed to collect your responses to site evaluation questions three and four:

Evaluation Question 3 - What are the Strengths, Weaknesses, Opportunities, and Threats (SWOT) to reaching the program objective?

Evaluation Question 4 - What will be done next year to ensure progress toward reaching the program objective?

The Continuous Improvement questions must be completed for every grant objective and appear just below the questions related to each objective.

Evaluation Question 3 - What are your Findings*, and the Strengths, Weaknesses, Opportunities, and Threats (SWOT) to reaching program objectives?

Data Findings*

Of our 100 regular attendees in grades 2-5, 38 advanced one proficiency level and 8 advanced two proficiency levels between the fall and spring benchmark tests. Another 14 students, however, showed 10 or more percentage points of growth, but did not move up a level.

The 46 students who did move up one or more levels indicate 46% of our 2-5 grade regular attendees. 46% falls just shy of our 50% goal.

Objective Met?*

- Yes
 No

Continuous Improvement Questions*

These Continuous Improvement questions are designed to answer the following questions: What are the Strengths, Weaknesses, Opportunities, and Threats (SWOT) to reaching the program objective? Think about all the programming decisions that went into this aspect of your program. What helped our successes with the Objective (Strengths)? What hurt our success with the Objective (Weaknesses)? What might help accomplish the Objective in the future (Opportunities)? What might hinder our efforts to accomplish the Objective in the future (Threats)?

Strengths

-Providing homework support throughout the year
-Strong teacher buy-in
-Consistent attendance by students

Weaknesses

-Unable to offer math throughout the year due to various teacher emergencies- math only offered September through February.
-Students scheduled by grade level, not skill- some students should have been moved down based on skill-level

Opportunities

-Substitute plan for 21st CCLC classes in case of teacher shortage
-More fluidity in class assignment- based on need and skill level
-Offer math before school to capture students who arrive early

Threats

-Potential Continued teacher shortage
-School-day changing next year to start later, which make hinder afterschool attendance

Evaluation Question 4 - What will be done next year to ensure progress toward reaching program objectives?

Strategies for Improvement*

What will be done next year to ensure progress toward reaching the program objective? What do we plan to do differently in the future?

Develop a substitute plan for 21st CCLC classes in case of teacher shortage
Look at class assignment by skill level in addition to maturity
Math (and other classes?) before school
