## Feather Flags

Feather flags are great for garnering attention outdoors. Custom printed on polyester mesh by the process of dye sublimation, inks heavily saturate the material to create "bleed-through" visual effect for single-sided prints, and double-sided prints are finished with a silver-gray blocker that lays between.

## Hanging Banners

Advertise, announce or celebrate special events with your own custom banner! Create your very own design, and we'll print it and finish it for you. Included grommets assist in hanging in doorways, in hallways, on fences, or on buildings.

## Optional LED Lights & Podium

## Curved Tube Displays & Podiums

Tension fabric systems are a great alternative to standard back wall displays. Quickly assembled in just 5 minutes, slide the tubes together to make the frame and lock in place with a push button snap. Then, simply pull the pillowcase-like graphic over the frame and zip it shut.

## Step-&-Repeats - Photo Backdrops

This large banner frame is a great alternative to standard pop up back wall displays. Graphics are printed on dye sub stretch fabric with pole pockets sewn to the top and bottom for easy graphic installation.

## Canopy Tents

Canopy Tent is an affordable and excellent way to provide shade during outdoor events. 5 ft., standard 10 ft., 15 ft., and 20 ft. size with telescopic legs, quick & easy set up and user-friendly. Comes with a custom dye-sub printed canopy top and carry bag. Additional back wall graphic available.

## Outdoor Barrier Displays

Bringing lightweight portability to advertising barrier display systems! Suitable for outdoor or indoor use. Use the barrier display as crowd control at your next trade show or event. Custom printed dye-sub fabric graphic drapes over entire aluminum frame and zips closed.

## Table Throws - Standard & Fitted

Table throws are a great addition to your trade show booth or event. Table throws come in 6ft and 8ft, fitting most standard tables. Custom printed edge-to-edge, the full length material will cover the front, back and both sides of the table. Stretch fitted fabric is available.

## A-Frames & Signicade Displays

These classic A frame sign options can display two 24" x 36" or 18" x 24" coroplast graphics, one on the front and the other on the back. Graphics simply just slide or pop into the frames holding your graphic in place. Top: Signicade Deluxe. Bottom Left: Snap Frames. Bottom Right: Water Base Snap Frame.

## Retractable Banner Stands

Step up your game with retractable banner stands. Reusable, the Silverstep's durable canvas lead won't rip on the first change out or thereafter. Moreover, the canvas lead has a velcro attachment which enables easy graphic change out. It's wide aluminum base and adjustable feet provide stability.

## Life Size Cutouts (Standees)

A custom cutout of your photo, advertisement, or product is directly printed to foamcore or coroplast, whichever fits your situations need. We will digitally make a personalized cut path file for your cutout and directly print it to your selected material. All cutouts receive a self-standing easel back.

## Easel Backed Table Signs

Easel back signs are self-standing displays printed single-sided typically on heavy cardstock or white foamcore with full color ink. They feature a chipboard easel that is sized to hold your display. Easel back signs are suitable for indoor locations only.
