DESCRIPTION OF REPORT

The EL72 – ELP Roster Report displays all the English Language Proficiency (ELP) tests, Placement and Reassessment, that were administered to students by the LEA/School during a Fiscal Year. The EL72 Report does not vary based on changes in enrollment; therefore, the student will always appear in the report of the LEA/School where they were tested. This is a Fiscal-Year based annual report. The current plus 3 prior fiscal years are available for viewing and downloading. The annual report is updated regularly throughout the school year and reflects all ELP test results as they are uploaded into ADE’s student record system. Student data is reported by district, school, and grade.
