How Work-Based Learning Can Positively Affect Community

Work-Based Learning that is developed locally within the context of the community can be a great tool for **building positive community growth**. Building an effective communication strategy is essential in the development.

Common outcomes of building this strategy for nearly any school/business community include:

- Creation of an environment of **collaboration and cooperation**.
- Encouragement of **respect and tolerance between different groups**.
- Building the foundation for a **more productive economy**.
- **Building confidence in the school system**.
