Continuity of Services

Including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services.

27. How will the LEA ensure Continuity of Services?*

Briefly describe an overview of the continuity of services and in the following questions you will provide more detailed information.

The LEA will ensure continuity of services to students by resuming all instruction and programming as it was prior to transitioning to distance learning. In the event of classrooms or an entire school quarantine the distance learning plan

will be implemented.

Assessments

- Safe Return to In-Person Instruction and Continuity of Services Plan (ARP Act)

Benchmark assessments and DIBELS are administered according to the assessment calendar. Assessments are computer-based and can be administered to students in the classroom or in a remote location if needed. Additional information is provided in the table below.

Instruction

In-person instruction resumes as it was prior to transitioning to distance learning. In the event of individual students or

whole classrooms being quarantined, distance learning modalities will be utilized to ensure there is no delay in providing instruction to students. Additional information is provided in the table below.

Food Services

Meals are provided to students attending school. In the event of a return to distance learning meals can be picked up at the school by parents.

28. How will the LEA ensure continuity of services for students' academic needs?*

In-person learning will be similar to classroom instruction prior to school closures to COVID. This includes whole group and small group instruction. Intervention will be provided to students to address learning gaps due to lost instructional time.

Instructional resources include digital components that allow students to access lesson material from home in the event a student or classroom is quarantined.

Teachers use Google Classroom for communication, instruction, and assignments for individual student and whole classroom instruction in the event a student or classroom is quarantined.

29. How will the LEA ensure continuity of services for students' social, emotional, and mental health needs?*

Depending on caseload, include principal, assistant principal and counselor

- Teachers will implement 2nd Step Social-Emotional curriculum and conduct class meetings to address concerns students may have as they return to a full day school schedule during an assigned block

30. How will the LEA ensure continuity of services for students' other needs?*

This may include student health and food services.

NA

31. How will the LEA ensure continuity of services for staff's social, emotional, and mental health needs?*

All fulltime employees and their family members have access to CIGNA's Life Assistance Program. All employees and family members have the opportunity to talk with a behavioral counselor three times, without charge. Other unlimited support is available by phone as well.

32. How will the LEA ensure continuity of services for staff's other needs?*

NA

The LEA must regularly, but no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services through September 30, 2023

33. Describe the process used to seek public input, and how that input was taken into account in the revision of the plan.*

Each school sent out a parent survey to families and communicated with staff at each site.
