Continuity of Services

Including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services.

27. How will the LEA ensure Continuity of Services?*

Briefly describe an overview of the continuity of services and in the following questions you will provide more detailed information.

School is offered in-person for all students. In the event of school closure or quarantine, school will deliver virtually.

28. How will the LEA ensure continuity of services for students' academic needs?*

The school is open for in-person instruction for all students. The school has added tutoring to support targeted and at-risk students in person based on data. School has provided low cost ChromeBooks for students to continue learning at home after the school day.

29. How will the LEA ensure continuity of services for students' social, emotional, and mental health needs?*

School procedures are for staff to have regular contact with students to provide support. A counselor is on staff for both campuses and is referred by the teacher or another staff member via written or verbal communication if a student has a need for social, emotional or mental health services.

30. How will the LEA ensure continuity of services for students' other needs?*

This may include student health and food services.

School food and nutrition has been supportive of school closure; meals will be provided bagged if needed. Any needs of students that are brought to the attention of the staff will be taken to the appropriate department to provide support.

31. How will the LEA ensure continuity of services for staff's social, emotional, and mental health needs?*

School provides services via benefit plans. Human Resources or Leaders Staff can guide staff on how to access support for social, emotional or mental health needs.

32. How will the LEA ensure continuity of services for staff's other needs?*

School offers prevention of COVID protocols to staff. Any other needs can be brought to the attention of leadership or Human Resources and services will be provided or recommended.

The LEA must regularly, but no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services through September 30, 2023

33. Describe the process used to seek public input, and how that input was taken into account in the revision of the plan.*

School continues to have parent surveys made available requesting feedback and satisfaction ratings that are posted on Class Dojo and sent via text. Surveys are reviewed upon receipt and suggestions are taken into consideration.
