Continuity of Services

Including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services.

25. How will the LEA ensure Continuity of Services?*

Briefly describe an overview of the continuity of services and in the following questions you will provide more detailed information.

How the LEA will Ensure Continuity of Services? In an effort to ensure a continuity of services for our students, we implemented a variety of measures. We expanded our online campus to serving grades K-12 so that families seeking online instruction would still have that option once our brick and mortar schools stopped formally providing distance learning. In addition, we purchased enough technology devices (Chromebooks) to ensure that all of our students would have a device to utilize for curriculum and district assessments in the event they were unable to participate in in-person instruction (quarantine or school closure). All providers of special services (EL, Special Education, Gifted, Social Worker) were provided the tools and training needed to provide their services and assessments digitally for online learners and those whom for whatever reason may be unable to participate in in-person learning. Summer school was implemented and conducted for all of our schools in the Summer 2022 and Summer 2023.

26. How will the LEA ensure continuity of services for students' academic needs?*

Provide additional tutoring and daily intervention. Increase instructional assistant staffing. Provide technology devices for access to curriculum for those quarantined. Conduct summer school. All students have been provided a technology device by the school. This device will be utilized in the event of a mandated school closure. Curriculum resources are accessible digitally and instruction would be provided via Zoom or Google Meet.

27. How will the LEA ensure continuity of services for students' social, emotional, and mental health needs?*

Addition of School Social Worker. Provide information to families for mental health and counseling resources. Providing SEL training for staff.

28. How will the LEA ensure continuity of services for students' other needs?*

This may include student health and food services.

N/A

29. How will the LEA ensure continuity of services for staff's social, emotional, and mental health needs?*

Team Building and social opportunities monthly, hiring of additional instructional staff, training provided for SEL, focus on wellness program and available EAP program.

30. How will the LEA ensure continuity of services for staff's other needs?*

N/A

The LEA must regularly, but no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services through September 30, 2023

31. Describe the process used to seek public input, and how that input was taken into account in the revision of the plan.*

Parent and staff surveys were sent out in May 2023 and then parent and staff input were reviewed. Following that review, policies were submitted to and approved by the school board. Surveys will be sent out again in May 2024.

After completing all responses in EMAC, save your information. Then, use the red download button to create a copy of your completed form to be uploaded to your LEA website. Once your form is uploaded to your LEA website, log back into EMAC to click the blue submit button and submit your form to be reviewed by your specialist. Your EMAC submission will not be approved unless this updated form is on your LEA website.

32. Did you upload the completed EMAC form to your LEA website?*

☒ Yes
