## Continuity of Services

Including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services.

### 18. How will the LEA ensure Continuity of Services?\*

Briefly describe an overview of the continuity of services and in the following questions you will provide more detailed information.

Pioneer has been open for 3 years now, we have checks for COVID 19 on campus and have a strong policy of following the procedures established by the CDC. We have a process in place for students who come down as ill and intend to stay open in the coming year barring a massive unforeseen spike in COVID.

### 19. How will the LEA ensure continuity of services for students' academic needs?\*

Pioneer will stay open and teach for our students. We have a back of plan of distance learning if there is an unforeseen spike in COVID.

### 20. How will the LEA ensure continuity of services for students' social, emotional, and mental health needs?\*

Pioneer has student therapy on campus, a behavior tech, and has trained teachers in trauma informed teaching. We are servicing our students with the best strategies available concerning social, emotional and mental health.

### 21. How will the LEA ensure continuity of services for students' other needs?\*

This may include student health and food services.

Because we are serving students at school we are able to provide free and reduced lunch for our student on campus.

### 22. How will the LEA ensure continuity of services for staff's social, emotional, and mental health needs?\*

We are understanding of staff trauma and are providing therapy options for staff.

### 23. How will the LEA ensure continuity of services for staff's other needs?\*

Staff is being taken care of on campus in the same manner as students, school is running as usual with safety precautions and trauma informed care front and center.

**The LEA must regularly, but no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services through September 30, 2023**

**24. Describe the process used to seek public input, and how that input was taken into account in the revision of the plan.\***

We have monthly Cafecito meetings where the principal of the school asks for input on multiple topics. We regularly ask about situations concerning COVID.

**After completing all responses in EMAC, save your information. Then, use the red download button to create a copy of your completed form to be uploaded to your LEA website. Once your form is uploaded to your LEA website, log back into EMAC to click the blue submit button and submit your form to be reviewed by your specialist. Your EMAC submission will not be approved unless this updated form is on your LEA website.**

**25. Did you upload the completed EMAC form to your LEA website?\***
