"Arts Programs are an essential part of a well-rounded education system, not just electives that are nice for students to have. Research has proven that a balanced, comprehensive and sequential program of study in the arts allows Arizona's students to learn and practice 21st century skills and behaviors that improve critical thinking, collaboration, communication, and creative problem solving. I commend the legislature for passing SB1111, which recognizes the superb work accomplished by students across Arizona." Kathy Hoffman, Superintendent of Public Instruction

STATE SEAL OF ARTS PROFICIENCY

The State Seal of Arts Proficiency is awarded to Arizona graduates who complete an arts pathway. The seal is meant to recognize mastery of Arizona arts education standards, cultivate artistic literacy and skills for 21st century success, promote increased access to well-rounded, high quality arts education, and prepare students for college and career readiness including active participation in the creative industries sector. LEAs who wish to administer the seal will apply to the ADE Arts Education outlining seal processes at the local level.
